

Wallace Given 20 Per Cent Of Wisconsin Vote

MILWAUKEE, Wis. (AP)—Alabama Gov. George C. Wallace, who said he would "shake the eye teeth" of both parties' leaders if he attracted more than 25,000 Wisconsin votes in his campaign against the civil rights bill, won 10 times that many in Tuesday's presidential primary.

But Wisconsin Gov. John W. Reynolds, who headed a favorite son delegation as the personal choice of President Johnson, won all of the state's 46 Democratic National Convention votes. In the process, Reynolds topped the late President John F. Kennedy's record for the most votes ever won by a Democrat in the primary test.

"Prejudice In North"

The Southern segregationist's triumphant assertion that winning nearly one-fourth of the total vote cast in the traditionally progressive Badger state constituted a grass roots referendum that "will send a good message both to the Congress and to the two national parties" was immediately challenged by the other principals.

"It just goes to show what we've known all along," Reynolds said. "There are prejudiced people in the North as well as in the South."

Rep. John W. Byrnes of Green Bay, the Republican favorite whose candidacy kept the GOP primary free of serious contenders for the presidential nomination, said, "I don't think this election proves anything at all about the civil rights bill."

In final unofficial returns, with 3,489 of the state's 3,552 precincts reporting, the vote was:

Reynolds (D) 508,597
Wallace (D) 261,148
Byrnes (R) 294,724

In a state which has not produced a majority for a Democratic presidential nominee since the election of Harry S. Truman in 1948, the casting of more than 70 per cent of the vote in the Reynolds-Wallace fight showed that thousands of Republicans had taken advantage of the open primary to mark the other party's ballot.

Old GOP Custom

Reynolds termed the crossover, which produced big Democratic totals in scores of solidly Republican areas, tremendous but added that it was "an old Wisconsin custom."

Byrnes said, "There is no more significance to the general crossover now than there was in 1960."

Four years ago, Kennedy won a majority of the delegates and a head start on the road to the White House when he whipped Sen. Hubert H. Humphrey of Minnesota in a similar primary, 476,024 to 366,753. Richard M. Nixon, unopposed in 1960 as Byrnes was Tuesday, trailed with 339,383, but carried the state in the general election, 895,175 to 830,805.

Tuesday's vote total, however, was short of the 1960 record of 1.2 million.

Wallace told supporters at his

downtown Milwaukee headquarters Tuesday night that their showing was a victory over administration Democrats "and they know it."

"This so-called civil rights bill is not in the interest of anybody," he declared, and thanked some 200 persons crowded into a hotel ballroom for their effort "to break up centralized government."

Cheered And Jeered

Wallace, who was cheered, jeered and thumped once on the head by a picket sign during his campaign, said, "There will always be a warm place in my heart for Wisconsin." He will take his campaign into the Maryland and Indiana primaries next month.

Reynolds, who speculated earlier that Wallace might attract as many as 100,000 votes from "bigots and fanatics"—and said such a total would be "a catastrophe"—found solace in his own record total.

He said he was pleased by the fact that he and Byrnes, who also supported the civil rights bill and criticized Wallace as a racist, held a margin of more than 3 to 1.

Plant Blasted By Dynamite At Hillsdale

HILLSDALE (AP)—An explosion punched a hole in the roof of the Essex Wire Corp. plant at midnight with a concussion that smashed 40 to 50 windows, the latest episode surrounding a violence-marked strike.

There were no injuries, although four persons were working near the area of the blast. Damage was confined to the roof and windows, Hillsdale policeman Ralph Strait said. The blast cut a ten-inch hole in the roof.

Police were questioning members of the striking Local 810 of the International Electrical Workers Union after three IUE pickets were reported in the area at the time, Strait said.

The explosive "was thrown from the ground onto the roof," Strait said. Fragments were sent to the state police crime laboratory at Lansing for analysis. Essex officials said it appeared to have been dynamite.

The blast followed "an anonymous telephone call this (Tuesday) afternoon that a bomb would go off at three o'clock," said Paul Albrecht, assistant attorney for the firm.

Negotiations in the strike had been scheduled to resume today after being in recess since last Thursday.

Tuesday, police intervened in a picket line incident. A job applicant was booed. Officers said there was "some shoving" on the picket line.

The company has advertised it has jobs open and has continued operations during the strike. The 180 members of the IUE have been on strike since Feb. 28 over terms of an initial contract. The IUE replaced the Teamsters Union in a bargaining rights election last year, but had worked without a contract until the strike.

Unity Sought Against Spread Of Communism

WASHINGTON (AP)—The United States is determinedly pressing its divided European allies to provide more backing and support for its fight against Communist aggression in Southeast Asia and Latin America.

The diplomatic strategy being followed by the Johnson administration on this and other disputed issues within the alliance is to bypass countries like France or Britain on questions where major disagreements exist and to form a united front with all the countries which are willing to cooperate.

These points of U.S. policy and strategy toward the North Atlantic Treaty Organization emerged clearly from a speech delivered to the Overseas Press Club in New York Tuesday night by Secretary of State Dean Rusk.

Missiles Aimed

Rusk also sharply reminded the European allies who have tended to pull apart among themselves and from the United States as cold war tensions eased, that "massive Soviet ground and nuclear forces are still arrayed against Europe."

The Soviet Union, in fact, has "many more missiles" aimed at Western Europe than at the United States, he said. In these circumstances, he declared, "it would be foolhardy to dismantle the military strength of NATO."

Rusk did not give missile figures but a highly authoritative estimate puts the total of Soviet intermediate and medium-range ballistic missiles at 800, most or all of which are believed to be targeted on European objectives.

Against the United States the Russians have an estimated 100-plus intercontinental missiles, and up to 100 seaborne missiles. The United States has about 670 ICBMs in place and 192 seaborne Polaris.

Collective Action Needed

Rusk said that on the military side NATO should increase its non-nuclear capacity for fighting limited wars. That is a frequently stated U.S. objective which the European allies usually ignore, Europe should also join in forming a strategic nuclear force, he said.

He reported the U.S. government and some other allies have in fact made "substantial and encouraging progress" in working out the problems involved in forming a seaborne fleet of 200 Polaris missiles. France has rejected this whole project and the British government is cooperating reluctantly. However, Britain is working with the other interested allies in a testship project.

What is needed beyond shoring up the military defenses, Rusk said, are "new patterns of collective action," especially for dealing with Communist expansion campaigns in Asia, Latin America and Africa.

"I have in mind," he said, "especially such countries as Laos and South Viet Nam, which are targets of aggression by Hanoi, with the support of the Chinese Communists, and Cuba, which is engaged in the export of arms, subversive agents, and guerrilla leaders to other Latin-American nations. We believe that the North Atlantic nations should recognize a common interest in seeing that these aggressions are brought to an end."

North Western Announces \$1,300,000 Dock Project

Record Boost Given Budget For Education

LANSING (AP)—The Senate Appropriations Committee Tuesday authorized spending for higher education, exceeding by millions of dollars even Gov. George W. Romney's record request.

The committee increased by more than \$1 million his request for the operation of state educational institutions, and boosted by more than \$3 million their capitol outlay program budget requested by Romney.

The action, if approved by the Senate and House, means building projects at several universities can be accelerated.

Sen. Stanley Thayer, Romney's chief Senate spokesman and a member of the committee, said the action represents "without doubt the biggest single increase in spending for education in Michigan's history."

"It is a recognition of two things: the school-age population explosion, and the fact that education is the great source of opportunity for the people of our state," said Thayer, under whose name the two measures were introduced.

All For Universities

Michigan State University got a slight increase, to \$39,641,613, in its overall operating budget recommendation, despite the loss of a \$100,000 item for a new police academy.

The building expenditures for education were part of the overall capitol outlay request, which was boosted by about \$7 million over Romney's \$51 million request for acquisition and construction of new facilities for state institutions.

The committee authorized \$29,940,000 for construction in the education field, with all of the \$3 million increase going to universities.

The committee doubled to \$4 million the request for continuing construction of Michigan State's \$9 million power plant, but cut in half requests of \$1,500,000 each to start construction of a conservation-forestry building and a food science building.

More For Oakland

Romney had asked only \$40,000 for preliminary plans for a classroom-office building at MSU-Oakland, but the committee raised this to \$750,000 to permit a completion of plans and a start of construction of the \$2.5 million project.

The committee deleted a \$40,000 item for preliminary planning of an engineering building at MSU-Oakland. The result is an overall boost from \$7.8 million to \$9 million for construction by MSU.

For Wayne State, the committee scratched a \$70,000 item to start planning library, classroom and office facilities but wrote in new allowances for \$1 million in land acquisition for new construction at Grand Valley State College by deleting a \$300,000 request for planning an academic complex for 1,000 students.

Ferris State College got the committee's go-ahead for a start of construction on its \$1,350,000 library and study center and its heating plant expansion program.

New Item For NMU

These items had been down for a total of \$32,000 for preliminary plans only but the committee's recommendation is for \$662,000, boosting Ferris' overall spending proposal over the \$2 million mark.

For Michigan Tech, the committee wrote in a new \$20,000 item for preliminary plans on a forest and forest products research center expected to cost \$1,270,000, with federal funds paying half.

Another new item was written into the Northern Michigan University request, allowing \$150,000 to finish construction of its \$2,650,000 practical and fine arts classroom building.

But for northern, a \$45,000 request for a start of a learning resources center was scratched. For Western Michigan University, a new \$20,000 item for a start on library expansion was substituted for a \$10,000 request for heating plant expansion, boosting Western's building budget to \$1.4 million.

The committee wrote in a (Please turn to Pg. 14, Col. 4)

A HISTORIC Chicago & North Western Railway train is pictured leaving Escanaba this morning for the new Empire Mine near Palmer to load a day's production of iron ore pellets into 75 empty cars. The train will be back in Escanaba Thursday and more will follow to provide a cargo of pellets for an Inland Steel Co. lake carrier which will arrive at the C&NW docks here April 15 to load ore for Inland's steel mill in the Chicago area. Inland is one of the partners in the Empire Mine. (Daily Press Photo)

Bouncing Jet Injures 48 At Kennedy Field

NEW YORK (AP)—A jet airliner carrying 136 passengers and a crew of nine bounced into a swamp and cracked open while trying to land at John F. Kennedy International Airport Tuesday night.

At least 48 persons submitted to medical treatment, with 15 taken to hospitals. Three of the latter group were released with no findings announced. Injuries ranged from cuts and bruises to dislocated and broken bones. One male passenger was treated for a heart attack.

The Boeing 707, a Pan American World Airways flight from San Juan, P.R., was landing in light fog when it bounced off the end of a runway and plowed into a marshy field.

Saved By Mud

There was no fire. Foam was spread to reduce that possibility.

The crew helped passengers into two life rafts, but some stepped from the plane directly into about two feet of mud and water.

"I believe it was the mud that saved us," said Mrs. Sidney Seidman of Lawrence, N.Y.

"There was no panic," said her husband. "The crew did an excellent job. They guided us out. After the plane hit, some people screamed, but that was all."

"It happened so fast," said Kelsey Cameron, 10, "that I had no time to be afraid."

"Maybe I was just a little," she added.

Kelsey's father, Robert Cameron of Oldwick, N.J., said he sensed the plane was "very definitely in trouble" as it made its approach. He said he had the impression the pilot was sharply maneuvering but that all his efforts for a normal landing were "fruitless."

A Pan American official declined to speculate whether the plane had overshoot its landing or couldn't stop after landing because of the wet, slick runway.

The jet came to rest about 1,000 feet from the end of the runway and about 100 feet from Rockaway Boulevard in Queens. A wire fence that surrounds the airport was cut by police at that point to allow passengers to reach dry ground.

The plane at first had been reported missing and all operations at the airport were suspended while emergency vehicles searched the huge airport.

Most passengers got out of the plane via escape hatches. The fuselage snapped about 75 feet from the nose end, with the disjointed end bent at a 15-degree angle.

The plane was piloted by Capt. Herbert H. Dunker, 47, a native of Milwaukee who lives in Coral Gables, Fla.

Today's Chuckle

Man's nothing but dust and a woman sure can settle him.

Cleveland Faces New Race Crisis; Minister Killed

CLEVELAND, Ohio (AP)—Cleveland faced its second racial crisis in less than three months today in the wake of a civil rights demonstration that left a Presbyterian minister dead and touched off an all-night wave of rioting and violence.

Civil rights leaders, whose demonstration Tuesday halted construction at an East Side school site, scheduled a noon demonstration at the Board of Education's downtown office building.

The Rev. Bruce W. Klunder, 27-year-old white minister, was crushed to death under a bulldozer during the demonstration at the school site in a predominantly Negro neighborhood.

Windows Smashed

Fifteen other persons, 10 of them policemen, were injured. Car and store windows were smashed. Police arrested 26 persons, including four juveniles accused of throwing rocks.

Police and civil rights leaders appealed without success to the crowd, which swelled to more than 3,000, to disperse.

Time and again during the afternoon and early evening, mounted police charged into groups that gathered to hurl taunts and missiles, sending demonstrators scurrying behind buildings along Lakeview Road.

A grim Mayor Ralph S. Locher, who attends the Church of the Covenant where the Rev. Mr. Klunder was assistant minister, said the city would use injunctions and fences to block further demonstrations at school sites in the Glenville area on the east side.

Civil rights leaders, on the

Pelletized Ore Traffic Grows At Escanaba

Start this month on a \$1,300,000 construction and dredging project to enable the Chicago & North Western Railway ore dock in Escanaba to accommodate the largest ore carriers on the Great Lakes was announced today by Ben W. Heineman, chairman of the railway company.

At the same time the North Western sent from its Escanaba yard the first ore train to the Empire Mine near Palmer to start a new traffic in pelletized ore through the Port of Escanaba. The ore is Inland Steel Co.'s share of production from the first production line of the huge new Empire Mine.

Heineman announced that the railroad's board of directors had authorized the dock improvement project, which calls for driving 3,500 tons of sheet steel piling (4,000 lineal feet) along the sides of the ore dock which extends more than a quarter mile into Little Bay de Noc.

With completion of the pile driving by Bates & Rogers, Chicago marine construction contractors, the slips on each side of the 1,920-foot long dock will be dredged to a depth of 30 feet below the average water level.

Vessels Larger

The trend in Great Lakes ore vessels has been toward larger vessels with deeper draft.

"The accommodations for such vessels," said Heineman, "will permit handling of a greater volume of ore over the dock with increased efficiency and dispatch of vessels."

"This project," said Heineman, "is the latest of a number of steps taken by the North Western Railway to help the Upper Peninsula mining industry compete with foreign ores in consuming markets. The dredging of the slips to accommodate ore boats of high capacity, in our opinion, will enhance the importance of our Escanaba dock at a time when steel making plants on the Great Lakes, particularly at the foot of Lake Michigan, are expanding their operations."

Enlarge Cais

The North Western has reduced some of its rates on per Great Lakes area. On March 30 it published new rates on ore from the Empire Mine on the Marquette Range to the Port of Escanaba.

Both natural (direct shipping) of iron ores, as well as pelletized, or processed ores are handled over the C&NW dock in Escanaba. Because of the increased movement of pelletized ore in recent years—the Escanaba dock is expected to move over a million tons of pellets this year compared with 800,000 tons in 1963—the North Western increasing the height of 700 of its ore cars by 1.5 feet to permit substantially heavier loadings per car of this processed ore.

This year Escanaba is observing its 100th anniversary as an ore port. Since 1864 when the North Western built its first ore dock at Escanaba to serve sailing vessels, more than 340 million tons of ore have moved through the port. The early port had so many spars of vessels showing that an early dock worker described it as looking "like a tamarack swamp."

Below The Piles

The sheet steel piling is being placed around the dock by sinking it into the bay bottom to protect the wood piling which supports the big dock. This will permit the dredging of the slips to a level beneath the bottom of the foundation piling. The dock is in naturally deep water, but a problem of slip depth at the dock for the big new deep-draft ore carriers has been increased by the falling level of Lake Michigan-Bay de Noc, which is at record low stage.

The Escanaba dock serves all three of the Upper Peninsula's iron mining ranges, the Gogebic in the west end, the Marquette in the north and the

Planning Value Told By Vinette

How zoning and planning guide the people of a community in the orderly development of their city and the best use of the land was described by Dale Vinette, chairman of the Escanaba Planning Commission, to the Rotary Club Tuesday noon.

Vinette has served on the Planning Commission for the past 16 years and has been chairman for three years. He was introduced by Charles Folio of the Rotary Club's program committee.

Most of the members of the Planning Commission have been on the Commission for several years, said Vinette. They have a sincere interest in making planning and zoning work, and to achieve workable solutions to problems compromise is usual so that "all of us can live, work and plan together for our future."

The Commission is a body that studies, holds hearings, and makes recommendations to the City Council, Vinette explained. The Commission does not make ordinances. It does make recommendations which the Council may accept and implement by ordinance.

Planning is a permanent function in Escanaba, but there is continuing flexibility and change, and while the city master plan report of 1949 continues to be a guide for planning it is subject to many alterations to meet growth and development.

Master plan recommendations which have been achieved or are in process were cited by Vinette. These include development of a civic center at the city's east end, where the Court House and State Office Building are now located; the reconstruction of Lake Shore Drive, which has been delayed

but is in the works; and the preservation by the city of the area for industrial development on Escanaba's north side.

What is the community's planning goal for the next 15, 20, 50 years? This question will be answered by the people of the community, working through their Planning Commission. There will be charges as new ideas are presented, Vinette said.

"Living and having our homes here, we know our problems," Vinette said. "We know those problems and our situation is different than those of the people in Milwaukee, or Washington, or anywhere else. So we propose to solve our problems as it best suits us and best meets our own needs. At times we may appear to be slow and unprogressive, but we find that if we work carefully we are able to accomplish these things."

Garden School Head Resigns

GARDEN — Garden School Board, in regular session Monday night, accepted with regret, the resignation of Supt. David Harju, and of three members of the teaching staff, LaVern Notbohm, Vern Annelin and Neilan Parkkonen.

Contracts of five teachers were approved, Mrs. Roland Boudreau, Mrs. Earl Rost, Mrs. Harold Knuth, David Pelletier and Delvin Anderson.

The new salary schedule was approved for 1964-65 with base pay increased from \$4,200 to \$4,500 with annual increments above the pay based on the number of years teaching experience.

Approved to serve on the school election board May 4 with secretary, Mrs. Earl Costa, are Mrs. Charlotte Stellwagen, Mrs. Wesley Horning and Charles Gauthier at Garden and Mrs. Ray Nadeau, Mrs. Francis Nadeau and Mrs. Harvey Sundin, Isabella. Appointed as members to the Board of Canvassers are Vernon Peterson, Mrs. George Coppess, Eugene Gauthier and Mrs. Norman Rochefort.

Crippled Get \$7,047 Gift

The gift of \$7,047.50 by the late Mrs. Lydia Knutson, widow of an Escanaba electrical contractor, to aid the work of the Rotary Club for crippled and handicapped children of the community was announced at the Rotary meeting Tuesday noon.

Mrs. Knutson's generous interest in the welfare of the afflicted children was revealed following her death, when her will showed a bequest of more than \$7,000 to the Crippled Children's Association.

Erling Arntzen of the Association told Rotarians that Mrs. Knutson had lived on the Ford River shore near Rotary Camp Harstad. "She had become familiar with the work that is done for the children there each summer," said Arntzen.

The gift from Mrs. Knutson and other benefactions amounting to slightly more than \$30,000 are invested through Harris Trust of Chicago and the earnings are used to aid in operating the summer health camp on the bay shore, said Nevin Reynolds of the Crippled Children's Association.

Robert Mosenfelder, Rotary Club president, said the club's crippled children's program is financed also by gifts from Rotarians and memorials. There is the hope that with adequate financing the program for the handicapped children may be expanded in the future.

Two new members were welcomed into Rotary: Earl W. Uecker, First National Bank; and Richard J. Pariso, State Bank of Escanaba.

Delta Sportsmen To Meet Thursday

Delta County Sportsmen's Club meeting in the Carnegie Public Library at 7:30 Thursday evening will hear reports on improvements to the skeet field and club house for this spring and summer.

There will also be reports on the Wally Taber show, the MUCC Region meeting held in Escanaba and the joint meeting of Regions I and II held at St. Ignace last Sunday.

State and National legislation will be reviewed and there will be lunch and a movie, "The Human Element."

Winners Picked By Farm Bureau

Two young persons who are winners of an essay contest sponsored by the Delta County Farm Bureau will attend a Young People's Citizenship Seminar for one week at Camp Kitt near Cadillac in June.

They are: Doreen Bittner, 15, the daughter of the Herman Bittners of Cornell, and a student at Holy Name High School.

Donald C. Williams, the son of Mr. and Mrs. Edgar Williams of Trenary, a Trenary High School student.

The citizenship seminar will be held at Camp Kitt after school is closed in June. Donald is sponsored by the Farm Bureau groups and Doreen by the women of the Farm Bureau.

Judges of the essays submitted in the contest were Hagle Quarnstrom, Delta County School superintendent; Mrs. Clayton Ford and Mrs. Harvey Sundin.

In her essay, Doreen commented: "Make your life one of enjoyment for yourself and for others to enjoy. Be a joiner, and a leader. Lend ideas and accept ideas, make citizenship the 'whole' that it is supposed to be."

Donald in his essay wrote: "To me citizenship means being loyal to your government and treating those around you fairly and squarely. It also means treating other people equally."

Forest Fires Feared In Area

Forest fire fighters of the Michigan Conservation Department and U. S. Forest Service in this area conferred Tuesday at Conservation district headquarters on teamwork in fire fighting as they faced a spring season of unusual forest fire hazard.

John Chriske, Escanaba Field Office Area supervisor of the Conservation Department, Field Administration, called the conference to discuss coordination of activities of the two agencies. They are both concerned about the forest fire conditions created by last year's drought and the deficient precipitation of the winter.

Attending the conference from the Conservation Department were John Anglim, Marquette, Upper Peninsula fire control officer; Chriske, Kenneth Berg of the district headquarters staff; Joseph Vogt, district game supervisor; Clifford Long, district fish supervisor. Forest Service officials included Sherwood Trotter, supervisor of the Hiawatha National Forest; Rapid River District Ranger Ray Chase and Fire Control Officer Dick Ellegreet; Munsing District Ranger Floyd Roberts.

The afternoon session of the meet will start at 2:30 and continue until 5:30. Lunch for all contestants will be served in the dining room.

The evening session will open at 6:30 and close at 8:30. Winners in the meet will go to Northern Michigan University, Marquette, to compete in the meet April 24, 25. Mrs. Ralph Sogard is forensics teacher.

Powers-Spalding representatives are Len Buchuski, Gloria Detjen, Phyllis Grondine, Darlene Kirchner, Christine Marcantonio, Paula Murray, Durene Perry, David Seybold, Bonnie Weissert and Ann Wheeler.

New Identification Members of Powers-Spalding Volunteer Fire Department have been numbering and lettering homes and roads in the area, including Harris Township for faster service. The metal signs are painted white with red letters.

Mr. and Mrs. Earl St. John Jr., returned from a 12-day motor trip to Washington, D. C. and through North Carolina. They visited her brother, Donald Bellefeuil, and family.

Approximately one-third of all land in the United States is owned by the federal government and its holdings are growing. Nearly one-half million more acres are being acquired yearly from private owners for "recreational purposes."

There are no chemicals or digesting yeasts which are capable of reducing the solids in a septic tank to the point where cleaning is unnecessary. They can be removed properly only by persons having some knowledge of the operation. In nearly every community in which septic tanks are employed, there usually is a company whose business it is to clean septic tanks. The local health department probably can help in obtaining this service.

County GOP Meets Tonight

Republicans of Delta County will meet in convention at 7:30 tonight at the Sherman Hotel, with Chairman John Walbridge conducting the session.

Resolutions will be adopted and delegates will be named to attend the state convention in Grand Rapids on May 8, when Michigan delegates will be selected to attend the national convention at which a presidential candidate will be chosen.

Chairman Walbridge urged all local Republicans to attend tonight's meeting and announced some changes in the county committee due to precinct changes and to fill vacancies. The members of this group are:

City of Escanaba—Precinct 1, Mrs. Arno Whipple, Lawrence Jacobs; Prec. 2, Mrs. Elmer Bonifas, Erling Arntzen; Prec. 3, Mrs. Arthur Neiman, Warren Lee; Prec. 4, August Brazeau, Mrs. Thomas DesRocher; Prec. 5, Miss Mary Woodward, Ed Cox; Prec. 6, Mrs. Ted Fordney, Dr. M. H. Garrard; Prec. 7, Mrs. Barnett Mills, Wesley Hansen.

City of Gladstone—Precinct 1, John Tackman, Mrs. Carl Olson; Prec. 2, Mrs. Tom Oas, Millet Caldwell; Prec. 3, Jack Smith, Mrs. Lawrence Johnson; Prec. 4, Ellis Movalson, Mrs. B. H. Skellenger.

Townships — Maple Ridge, William Westlund, Clarence J. Larson; Baldwin, Don Stevenson, Frank Falkies; Ensign, Harold Gustafson, Mrs. Henning Johnson; Escanaba, Roy Nadon, Daniel Barron; Bark River, James Anderson, Mrs. Phyllis Anderson; Wells, Walter O'Brien, Charles Sedenquist, Frank Bender, Mrs. Kermit Bender; Ford River, Victor Nelson, Sam Hamm.

Garden, Mrs. Irene LaPine, Mrs. Hazel Hazen; Fairbanks, Orville Farley; Masonville, Harry Buckman, John R. Carlson; Bay de Noc, Peder Pedersen; Nahma, Lew Bramer, Allen Mercer; Brampton, Walter Van de Weghe; Cornell, Gilbert Taylor.

James Wilson, the first American maker of globes, sold his first globe in 1810. He and his impoverished family had made great sacrifices for 11 years, while he studied cartography, mathematics, geography and astronomy.

INCREDIBLE BUT TRUE ... IT EXISTS TODAY ... MEN OF SPACE AGE MEET MEN OF THE STONE AGE ... BOLD, EXCITING, TRUE.

The fantastic saga of the seven men who fought their way through the unexplored jungles of Dutch New Guinea and filmed every exciting foot of it. They lived with the Guru Canibals, they filmed the actual Fertility Rites never before photographed. They witnessed the secret orgies of "The Cult of the Severed Head." They built seventeen bridges across swollen jungle rivers. They were forced into intimacies with the wives of their savage hosts. And only two of them made it. It is a fascinating and memorable film.

Ensigners 4-H Club Makes An Excellent Showing

ENSIGN—Ensigners 4-H club had a successful day at County Achievement show Saturday. Many awards were won but the most benefit was received from participating in this county wide event.

Tom Safford was crowned Delta County's 4-H king. Connie Nelson, of Ensign, last year's 4-H queen and winner of the 4-H Bay de Noc Community College scholarship, presented the tiara to this year's 4-H queen, Wanda Anderson.

Carol Bowen and Linda Norlander won a modeling pin and ribbon for outstanding styling of their garments. Sue Sundberg, secretary of Ensigners, won a recreation book for her club on her accurate records of club activities. Danette Peterson, Bonnie Hansen, Judy Hansen, and Sue Sundberg's garments were selected to be judged for U. P. State Fair awards. Modeling recognition went to Cindy Safford, Bonnie Hansen, Carol Bowen, and Linda Norlander.

U. P. State Fair handicraft exhibits were won by Darryl Lindquist, and Tom Safford. Fair awards in conservation exhibiting went to Kerry Sundberg, Carol Bowen, and Tom and Klint Safford. Knitting awards went to Carol Bowen and Linda Norlander.

An Ensign representation of 60 people attended the County Show.

Air Base Man's Car Kills Deer

John Svoboda, 46, of K. I. Sawyer Air Force Base, had his car damaged at 8:30 p. m. Tuesday on U. S. 41 north of Rapid River when he struck a deer which bounded onto the highway. The deer was killed but Svoboda was able to drive his car away.

Changes In Conservation

The Michigan Audubon Society has taken exception to a phase of the report made by Governor Romney's citizens committee on needed changes in the Michigan Conservation Department.

In a resolution adopted at its recent Kalamazoo meeting the society said its members disagreed with the criticism leveled at the Information and Education Division of the Conservation Department.

The Audubon Society called for expansion, rather than discontinuation, of the teacher training program at the state's Higgins Lake Conservation School. It also urged further development of the Department's magazine, "Michigan Conservation."

Probably the most meaningful comment which can be made upon the Audubon Society's reaction to the report of the study group on the Information and Education Division is not comment, but a brief resume of what the committee said, so the reader can have more basis for judgment. The report said in part:

"One of the persistent criticisms of the State Conservation Agency is that it lacks 'good public relations' — that is, has failed to encourage public support for good resource management policies and has failed to clarify its policies to either the public or its employees. We find there is substantial basis for this criticism.

"It is apparent that the Commission for a long time has been making decisions without full awareness of public attitudes and reactions . . . Someone has said of public relations people generally that 'They are the last to be told anything and the first to be blamed when things go wrong.' This is certainly true of the Conservation Department.

"The Committee was appalled to learn that the first victim of the Department's 'austerity' program was the in-service training or employee orientation program . . . We recommend immediate re-establishment.

"This Committee is seriously troubled about the Education half of I&E. We are told that this is the largest such operation in any state conservation department in the nation and possibly the only one of comparable emphasis. We recognize that many sincere and devoted groups have contributed money and effort to this program and are convinced they are making a real contribution to the cause of resource management and the education of youth. Nevertheless we have strong doubts as to the value of this program and recommend the Department critically evaluate it in terms of the time, effort and money spent on it compared to the results obtained.

"In the past fiscal year the Department's budget statement indicates that approximately \$150,000 — more than one third of the I&E budget, was spent on this education program . . . Figures indicate that since the program of teaching teachers to teach conservation was started 16 years ago approximately 2,700 teachers have taken these summer courses for university credit. There are about 50,000 teachers in Michigan schools and the turnover is high. It is apparent the program is reaching only a fractional minority of teachers; hardly a drop in the bucket.

"Educators suggest that this program is aimed in the wrong direction . . . Our consultants suggest that the state shift the task to the teacher training universities and require all candidates for a teaching certificate to take a course in natural resource management. We also question this solution . . . We suggest the Department should not be in the business of training teachers, but should devote part of the money now spent on this program to providing teaching aids which could be provided to all elementary and secondary teachers, public and parochial, who deal with these varied subjects.

"Michigan Conservation' magazine is rated by some authorities as a high caliber publication, but we question whether it is very effective as a general communications tool. In the past year it had a bi-monthly circulation of 44,197 copies per edition. Eliminating one large order by one industry for its employees, it appears that about 28,000 persons subscribed to the magazine.

"It is our judgment that the magazine is too high level, too technical and not sprightly enough for general popularity. We have compared it with similar publications in other states — some of which have circulations reaching into the hundreds of thousands — and suggest the Department produce a publication aimed more at the average hunter, fisherman, camper bird-watcher, etc. Circulation could be expanded by giving it away with licenses . . . We would rather see the magazine in every barbershop than in every library."

The Audubon Society likes things as they are, but the Governor's study committee, which spent most of a year in unpaid labor examining the Conservation Department, found its Information & Education Division could be much more effective to the great benefit of Michigan.

The Doctor Says:

'Mood Drug' Powerful

By Dr. Wayne G. Brandstadt.

For many unstable persons, of the day begin to bear in on there is a certain fascination about taking drugs that pep you up, knock you out, or cause hallucinations or a dream state.

Since LSD is the latest, most powerful, and least understood of the so-called mood drugs, let's see what is can do for those who use it. The effects are so unreliable that one can't predict what effect will be produced—except that it will be weird. Users have described the experience as a combination of heaven and hell. They sometimes remember that it made them aware of the secrets of the universe. But the details escape them when they return to normal.

One user started sobbing a few minutes after taking the drug and couldn't stop for several hours. A truly wonderful experience but he later admitted that for him at least there was more of hell than heaven in his dreams. No one knows what a safe dose is, but it must be extremely small. Several students who decided to find out for themselves about LSD were hospitalized for several weeks after they took "an infinitesimal dose."

Thus a person with neurotic tendencies may take a pep pill on arising to get him started, a tranquilizer as the pressures

hide — everything within reach.

Ignorance is when you don't know something and somebody else finds it out.

Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) —

"The principals in this thing (President Lyndon B. Johnson and Attorney General Robert F. Kennedy) are behaving like complete professionals.

"It's the camp followers who are causing the trouble."

Thus spoke one official who now has strong ties to both men.

The matter of the relations between the two has become the subject of some of the most bizarre speculation to arise in this capital in many years.

The rumors simply will not die. They not only have Bob Kennedy continuing to promote himself for the 1964 vice presidential nomination but fostering a pro-Kennedy, anti-Johnson cell in the White House as well.

To seasoned, top echelon administration men who insist they have a good political gauge on both men, these reports are sheer nonsense.

In fact, they regard as skin almost to insanity the notion that a man of Kennedy's acknowledged political acumen—or anyone else—would try to pressure Johnson heavily on the vice presidency or any major question.

"You just don't issue ultimatums to the President of the

United States," was a summary comment.

Similarly, these sources indicate that the top bracket White House holdovers from the John F. Kennedy regime are giving the new President their total loyalty. Says one such man:

"Some of us offered him a continuing commitment. We gave him our word. We would not be worth much as men if we went back on it."

Another holdover found the idea of a "Kennedy cell" preposterous.

"We're not here serving just some rival politician. We are working for the President."

It is felt that Johnson would be less than human if he did not suffer some twinges of doubt as a result of the incredible welter of rumor and suspicion that engulfs Washington. No one forgets the pre-nomination bitterness of 1960.

But the President is viewed by key Kennedy holdovers as a tough realist who will make the vice presidential choice this August with the same cool judgment John Kennedy exercised in picking Johnson.

The belief is that neither the President nor the attorney general will allow rumor-mongering camp followers to poison the waters seriously.

If Johnson thinks Kennedy the best choice, a leading Democrat says, he will name him—even though the two may never indulge in a public love feast.

"The list the President will choose from will be small," this source adds. "Inevitably, however, Bobby will be on it."

Not, this man suggests, because Kennedy will be pushing for the job, but because he, like all the surviving Kennedys, is the beneficiary of a truly astonishing popular ground swell of interest and open affection. Where a Kennedy walks today, there go crowds.

"This is something that may be uncontrollable," the Democrat says. "It could present the President with a unique situation when the time for his choice comes."

Example of the ground swell's force: United Auto Workers' President Walter Reuther barely was able to "put the cap" on the union's explosive urge to endorse Bob Kennedy for vice president.

If the great tide rises higher, obviously rumor will go on tracing its source to tremors generated in the attorney general's office. The sober correctives offered by hard-eye Kennedy and Johnson professionals may never quite catch up.

BARBS

By HAL COCHRAN

Any optimist should tell any pessimist how much more fun he's having out of life.

Often when you're making a ring around the bathtub somebody else is making one at the doorbell.

When their little youngsters start to walk parents run and

hide — everything within reach.

Ignorance is when you don't know something and somebody else finds it out.

Letters To The Press

Contributions are welcome. They must be limited to 350 words, and signed with the name, address and phone number of the writer, but the name will be withheld on request.

LAKE SHORE DRIVE

I would like to express my opinion regarding the recently published letter concerning the road improvement of Lake Shore Drive. It was stated that the majority of people living on Lake Shore Drive don't want the street improved because it would be an invitation to speeders and unwanted tourist. In other words it is their wish to keep the 19th Century buggy trail in such rundown condition that no prudent driver would wish or even risk driving on it.

This is the attitude of a hermit. Lake Shore Drive is not the only street plagued with hot rod jockeys. 5th Ave., 10th St., and 14th St., are extremely popular drag strips, not to mention Ludington St., which seems to be the proving grounds for every hot rodder in town. You seem to forget that much of the City of Escanaba is residential and we all share the same traffic problem.

I am sure that most of you living on Lake Shore Drive who have beautiful lawns wouldn't dig them up to prevent unwanted youngsters from playing on them . . .

I'm willing to wager that the majority of people using Lake Shore Drive aren't speed crazy maniacs. I'm also willing to wager that most civic-minded motorists are not satisfied with the driving conditions on Lake Shore Drive.

I also think you fail to see that the Lake Shore Drive belongs to the community. Road improvement is not a liability, but rather an asset.

It is not true that progress is easily accepted. There are many who are satisfied with old things and ideas.

Name Withheld

Questions And Answers

Q—By whom and when was King Solomon's Temple finally destroyed?

A—By Nebuchadnezzar in 586 B. C. On the temple area stands a splendid mosque, the Dome of the Rock, commonly known as the Mosque of Omar.

Q—Who was the first Czar of Russia?

A—In 1547, Ivan the Terrible assumed power and took the title "Czar of all the Russians."

Q—How long was the United States governed by the Articles of Confederation?

A—About 8 years, from March, 1781 until the adoption of the Constitution in 1789.

Q—Which of our Presidents walked to the Capitol for the swearing-in ceremonies?

A—Andrew Jackson strolled up Pennsylvania Avenue with a small party of friends, took the oath, then mounted a horse and rode to the White House.

Q—Who was the first native-born Governor-General of Canada?

A—Vincent Massey, appointed in 1952.

Q—Is there such a thing as an Aryan or a non-Aryan race?

A—No, the term Aryan can be used only to describe a language.

Ask The Dentist

WHAT PRICE DENTURES?
By Dr. STEPHEN SHEFFREY
And The Michigan State
Dental Association

—I'd be interested in knowing why there's a great difference in denture prices.

A—Differences in cost of materials is slight, so dentists, in general, prefer the better materials.

The manner in which the material is handled, however, may increase the denture cost substantially. A "budget" denture, for example, may be minus the extra time and labor required to make for better tooth retention and resistance to heavy biting forces.

This doesn't mean that every denture that cracks is a budget denture. Any well-made denture can break if the gums have shrunk too much before the denture is relined.

The extra services which add the most to denture prices are those which use more of the dentist's time. An example is the "try-in" appointment, when the individual sees a wax "mock-up" of his new denture in his mouth. This allows the teeth to be changed to the individual's taste before being permanently set in plastic.

Budget dentures often are made without the try-in service. The budget denture may, or may not, help the patient's appearance. It's a gamble. For this reason many dentists don't make the budget type of denture. They prefer to avoid the possibility of creating a long-lasting headache in a person who might want to gamble that he won't get an unbecoming denture.

Examples of other extras in denture service are custom-made teeth, before-and-after photographs, examination - discussion - estimate appointments, follow-up adjustments (a big item for some), special gum effects for "high smilers," and credit.

Time-and-cost studies have shown that small-business billing costs are a numbing 80 cents per statement. Add to this the interest and risk factors, and the resultant increase in price may exceed that allowed for any other single extra service.

Although it may seem like a case where the "extras" tail wags the "essentials" dog, some of those extras are very important, and they may mean the difference between keeping the denture in the mouth or in the bureau drawer.

Timely Quotes

They can do only the routine things — preach to the Africans, help alleviate poverty and illiteracy in the compounds — that's about all. They say one thing against apartheid and they will be sent packing within 24 hours.—Rev. Dr. Sheldon E. Mackey, executive secretary, stewardship council of The United Church of Christ, on plight of missionaries in South Africa.

If we do not learn this lesson of sharing, of helping our colleagues throughout the world, others will.—Leonard H. Goldenson, president American Broadcasting Company, urges Americans to share know-how with broadcasters in developing nations lest Communists step in.

They say if he's (Rockefeller) elected, the attitude of U.S. toward Latin America will improve.—Trevor (Teddy) Burns, 43, pilot rescued by Cubans after his plane crashed at sea, says Cubans like Gov. Nelson Rockefeller.

Instead of fixing bars, give all the prisoners keys.—Des Moines, Iowa, county prison board member Ezeret W. Arnel suggests way to cut costs of repairing bars after five breakouts in 18 months.

Ann Landers

Mama Admires Her Old Photo

Dear Ann Landers: My mother never tires of telling me how beautiful and popular she was in her youth. She keeps a large photograph of herself (in a low-cut gown) right on the TV set. Everyone who comes into the house is hit in the face with that picture. She and dad have been married 16 years and this was her engagement picture so you can guess how old it is.

When I told my mother I thought she should remove the picture she accused me of being jealous. Maybe I am, but I still think she is wrong. What do you think?—UGLY DUCKLING

Dear Friend: I think the problem between you and your mother goes much deeper than that picture on the TV set. Even if she removes the picture (which she should have done years ago) the real problem remains.

I hope your school has a guidance counselor with whom you can discuss your real feelings. When you understand why your mother attaches so much importance to a 17-year-old photograph you will not be so resentful.

Dear Ann Landers: I have been saving a few dollars every week from the grocery and household money. This has been going on for over three years.

I kept the money in a sugar bowl on the top shelf of the cupboard. Last week I took the money down to count it. I put the roll of bills on the stove for just a minute, not realizing the coffee pot was on the back burner. I turned my back for

three children like to have me here when they come from school, and I want to be here.

Am I selfish as my husband says? He has made me feel terribly guilty. Tell me if you believe I should go to work to please him.—L. S. M.

Dear L. S. M.: I think your husband is going through the change of life. Some men (as well as women) undergo personality alterations when they hit middle age.

Suggest that he see a doctor. In the meantime forget about going to work. A woman who is raising three children and is keeping house is pulling her share of the load. She doesn't need to bring in a paycheck to be considered as equal partner in the marriage.

And you can tell him I said so.

Ann Landers' frank and informative new book, "Teen-Agers And Sex" (2.95), is available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

Khrushchev Gets More Backing In Party Showdown

MOSCOW (AP) — The Soviet news agency Tass said that the Communist parties of Czechoslovakia and East Germany have lined up behind Soviet Premier Khrushchev in his call for a showdown with Red China.

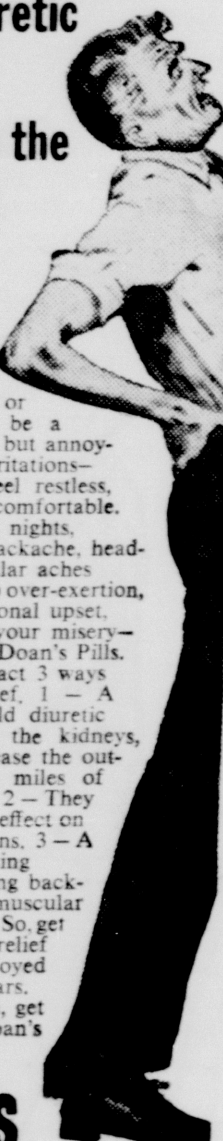

The Communist parties of Hungary and Bulgaria already have pledged full support for Khrushchev's call for a world meeting of Communist chiefs to deal with the Peking - Moscow dispute.

Peninsula Potpourri

MARQUETTE — Approval of the Michigan Conservation Commission and the State Administrative Board will be required before the city can proceed with construction of a proposed \$3,775,000 steam electric generating plant in South Marquette.

Backache

relief pills bring mild diuretic action through the kidneys

Unwise eating or drinking may be a source of mild but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache, or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — A wonderfully mild diuretic action through the kidneys, tending to increase the output of the 15 miles of kidney tubes. 2 — They have a soothing effect on bladder irritations. 3 — A fast pain-relieving action on nagging backache, headache, muscular aches and pains. So get the same happy relief millions have enjoyed for over 60 years. For convenience, get the large size Doan's Pills today!

Doan's

Fishers Freed In U.P. Staying Put

Many of the 61 fishers released in the Ottawa National Forest in the western Upper Peninsula have survived and the majority have remained within 30 miles of where they were released.

G. W. Irvine of Ironwood, wildlife biologist for the Ottawa Forest reported this in a paper he presented at the recent North American Wildlife and Natural Resources Conference in Las Vegas.

The U.S. Forest Service undertook a program to restore the fisher to northern Wisconsin and the Upper Peninsula as a possible means of keeping populations of porcupines in better balance to reduce damage to forest stands by porcupines.

Irvine said the program was initiated in 1956 when the Wisconsin Conservation Department released live-trapped fishers on the Nicolet National Forest. The program was expanded in 1961 to include releases on the Ottawa Forest.

From 1956 to 1963, a total of 121 fishers were released, 60 on the Nicolet Forest and 61 on

Kimberly-Clark Officer Changes Are Announced

NEENAH, Wis. — John R. Kimberly, board chairman and chief executive officer of Kimberly-Clark Corporation, reannounces the presidency of the company with the retirement of William R. Kellett. The position of board chairman will be vacated.

Also announced were major executive reassignments:

G. Kenneth Crowell, executive vice-president in charge of finance, law and international division since 1959, will additionally assume responsibility for administration and industrial and public relations.

Guy M. Minard, president of Kimberly-Clark's Canadian operations, was elected to a new office of executive vice-president in charge of operations for U. S. industrial and consumer divisions and the Canadian companies.

James J. Shipman, vice-president of research and development, becomes vice-president, industrial relations; and F. H. Werling, vice-president, manufacturing staff, industrial division, is now vice-president, research and development.

G. L. Carruthers, vice-president and general manager of Kimberly-Clark Canada Ltd., Toronto, and former president of Interlake Tissue Mills, succeeds Minard as president of Kimberly-Clark Canada Ltd. and Kimberly-Clark Pulp and Paper Co. Ltd.

Copy Of Viking Vessel Burned As Trip Flops

TUNIS (AP) — The Long Ship, a copy of Viking vessels, ended its voyage to America in flames Monday. Six irate adventurers decided to burn it rather than turn it over to Tunisian authorities.

A pursuing boatload of Tunisian police and customs men did not interfere when Robert Marx, 29, of Pittsburgh, Pa., and his five European crewmen set fire to the 72-foot craft.

The Long Ship went down two miles off Bizerte, where Marx docked last week and tried to sell the ship after leaks and other defects made it unfit for further sea duty.

He decided to burn the ship after Tunisian officials told him he would have to pay an 80 per cent import tax to sell it.

Marx and his crew set out from Yugoslavia last month to try to prove his theory that the Vikings crossed the Atlantic long before Columbus.

Court Qualifies Blood Tests On Drunken Drivers

LANSING (AP) — The Michigan Supreme Court held Monday that a blood analysis for an accused drunk driver is invalid in court unless backed by testimony from the technician who made it.

The court, in a 6-1 ruling overturning the conviction of a motorist in Oakland County in 1962, held that such testimony is necessary to prove the test results are genuine.

In an opinion signed by three other justices, Justice Eugene Black said the law preserves "as a matter of legislative intent, the defendant's right to have the chemical analysis in question proven by sworn testimony of the analyst."

Car Sales Hit All-Time High

By CHARLES C. CAIN
Associated Press Auto Writer

DETROIT (AP) — General Motors and Ford sold more cars in the first quarter of 1964 than in any previous first three months in their history and Chrysler had its best first quarter since 1957.

Those were the figures reported this week by the Big Three.

American Motors was the only major U.S. auto manufacturer to report a decline.

Combined sales of the four

auto companies for the first three months were 1,833,070 units—a jump of over 130,000 over last year's comparable sales.

Ford's first quarter sales were the highest in the firm's 64 year history. They were 482,486 cars, shattering the old mark of 479,055 which had stood up since 1955. The 1963 first quarter sales were 431,845 cars.

Ford truck sales for the quarter also set a record of 105,093, breaking the old record of 93,963 set in the first three months of 1963.

Ford said more than a million of its passenger cars and 200,000 trucks have been sold thus far in the '64 model run, another high sales mark for the company.

GM's car sales for the first

three months this year were 1,013,246 units. The previous high of 955,524 was set in the first quarter last year.

GM truck sales for the quarter just ended were a new high of 151,776, compared with 129,082 in the corresponding three months of 1963. GM's previous high of 135,482 was set in 1951.

Chrysler car sales for the first quarter just ended were 243,991, a 17 per cent jump over the 209,255 reported in the first three months of 1963. Chrysler's record first three months was 297,339 set in 1957.

American Motors sales for the first three months of 1964 were 93,347, compared with 106,059 in the corresponding period a year ago.

Mummy Of Girl Shown In Rome

ROME (AP) — Rome's mummy girl will go on public display April 12 in the Terme Museum.

The mummified body of a young girl in a remarkable state of preservation was uncovered earlier this year by workmen digging foundations for a building on the outskirts of Rome at Grottarossa.

The mummy was named the Grottarossa girl. Experts estimated she died nearly 2,000 years ago and was 8 or 9 years old at the time.

Ontario's Sudbury Basin is the world's greatest source of nickel.

CHEVELLE by Chevrolet

It's got young ideas about size, style and power

It's fun to drive a car with young ideas. Like Chevelle. It's built by Chevrolet, so you get youthful styling and performance plus the features that make Chevrolets so practical to own.

Its size is appealing—shorter than big cars, easy to handle and park. Yet there's plenty of room inside for people and luggage.

You can pick about any hill-climbing, safe-passing engine performance you like—with styling and interior luxury to match it.

Bomaster Named Aide To Chriske

Appointment of Charles Bomaster, 42, as assistant supervisor of the Escanaba Field Office Area of the Michigan Conservation Department, Field Administration, was announced today by John Chriske, supervisor.

Bomaster succeeds Owen Bennett, who has been transferred to the Newberry office of the Conservation Department as supervisor.

Bomaster was born in Gaasstra, was graduated from Stambaugh High School, and served with the 33rd Infantry Division in World War II from 1942 to 1945 and left service with the rank of technical sergeant. He served 30 months in the South Pacific and took part in the Philippines, Hawaii and New Guinea sectors and in the occupation of Japan.

His wife Rita and their two sons and two daughters will move to Escanaba from Sault Ste. Marie after school closes.

Bomaster joined the Conservation Department in 1946 at Sault Ste. Marie as a conservation officer, served at St. Ignace, Bergland, Ewen, Baraga,

Charles Bomaster

Bessemer, Wakefield and was named acting assistant district supervisor at the Sault in 1958, serving until an austerity program in the department in 1962 returned him to conservation officer status.

Forestry Group Meets Friday

Baraga County's forest land tax program will be explained and discussed at a meeting of UPCAP's Forestry Committee in L'Anse, Friday in the courthouse, at 1:30 p. m. E. S. T.

George Semmens, Escanaba, secretary of the committee, says that all interested owners of forest lands or local government officials are invited to attend this afternoon session committee meeting.

Dr. Eric Bordeau, chairman of UPCAP's Forestry Committee and chairman of the Baraga County Planning Commission, said, "Many land owners and governmental officials have an interest in a method of assessing forest land more accurately. Baraga County instituted a program recently to accomplish this purpose and we have arranged this meeting for Baraga County to tell us about their system."

Appearing on the program will be Ed Stagerwalt, a professional consulting forester in Wisconsin, who will explain the activity involved in starting the program. Kenneth Lief, director, Baraga County Tax Department, will discuss the operation of his department.

Ray Tembreull, chairman, Baraga County Board of Supervisors, will discuss the significance of the new tax program in Baraga County and Lynn Sandberg, Celotex Corp.,

School Budget Up \$208,000; Ask 11.9 Mills

The Escanaba Area Public School board of education has approved a preliminary 1964-65 budget \$208,071 higher than last year to meet salary increases for teachers, make improvements to the educational program, and for other needs.

Meeting last night at the Wells Central School with Dr. William Hemes, board president, conducting the meeting, the board discussed the operations financing problems of the Area district and the request for additional millage.

The Area school's preliminary budget will be presented to the Delta County Tax Allocation Commission, whose responsibility it is to allocate 15 mills local tax among the schools, county, and townships. The allocation is based on budget needs. The budgets will be examined by the Allocation Board on April 20.

Raise Teacher Salaries

On the basis of its budgetary need, the Area School district is asking the allocation board for 11.9 mills. The preliminary budget totals \$1,608,204. Last year the Area Schools asked

L'Anse, will present a large land owner's appraisal of the new Baraga County program.

for 8.54 mills and received 7.5. Major items composing the increased budget request include:

Salaries for elementary teachers, up \$40,000; for secondary principals, up \$2,000; for secondary teachers \$63,000 and for expansion of the teaching staff to carry out the recommendations of the Curriculum Study Committee, and to meet accreditation requirements of the North Central Association.

Addition books for the High School library \$2,000; special education salaries \$6,000, including a speech therapist; administrative salaries up \$2,600.

Transportation, a \$23,000 increase to include the purchase of buses and the hiring of additional drivers. The service is being extended to parochial school students and three additional buses are being purchased and drivers hired.

Bids Examined

Operation costs, including some custodial salary increase, plus fuel and utilities costs rise, up \$23,000; maintenance of plant, repairs and replacement of worn equipment, up \$25,000; and capital outlay up \$19,000 to include blacktop at some of the elementary schools, and a water softener at Ford River School.

Steel Firms Are Indicted

NEW YORK (AP) — Eight steel companies—including U.S. Steel, the industry's largest—have been indicted by a federal grand jury on antitrust charges.

They are accused of conspiring to fix prices in the \$3.6 billion carbon sheet steel business. Two steel company executives also were named in the indictment, made public Tuesday.

The indictment traces to the clash between major steel companies and the late President

the school board received school bus chassis bids from Coyne Chevrolet, Escanaba Machine Co. and Northern Motor Co. and referred them for analysis and report to Lawrence Klug, transportation director.

The board approved withdrawing at the close of another year from the Great Lakes Conference in which Escanaba has competed for many years. The withdrawal was recommended by Supt. Walter Bright and Coach Harold Johnson.

Approved Dr. Hemes, board president, and a committee, to make a trip to Lower Michigan April 15-16 to interview three candidates for the position of superintendent here. Supt. Walter Bright will leave for Grand Haven on July 1.

There have been more than 30 applications for the Area School superintendency.

John F. Kennedy in April 1962

When the companies posted an across-the-board increase of \$6 a ton, Kennedy angrily denounced the move as inflationary and the companies rescinded the increase.

After the clash, the Justice Department—headed then and now by the late president's brother, Atty. Gen. Robert F. Kennedy—started a grand jury investigation of the steel industry's pricing methods. The original grand jury investigation died out. But the job was taken over last October by a new grand jury—the one that reported the indictment Tuesday.

Inland and Kaiser—only major steel firms that opposed the 1962 price hike—were not named in the indictment. The grand jury, however, had subpoenaed their records.

Conviction could bring the eight defendant firms fines up to \$50,000 each. The two indicted executives, if convicted, could be sentenced to jail for one year and fined \$50,000 each.

Sheet steel—the product covered in the indictment—is used in making about one-third of all finished steel mill products. The alleged price-fixing, the government charges, increased prices to consumers for such items as

Lakehead Season Declared Open

WINNIPEG, Man. (AP) — The 1964 lakehead navigation season was declared open as of 11:30 a. m. Tuesday by the Winnipeg Grain Exchange. The Board of Governors of the Exchange declared the opening after a meeting to discuss ice conditions.

auto bodies, washing machines, kitchen cabinets, refrigerators, office furniture and other widely used products.

Aspokesman for one of the firms — Armco — said: "Apparently, these allegations arise out of efforts to promote the use of steel in traditional markets for steel and to combat the inroads made by competitive materials such as aluminum, glass, plastics, cement and others."

Striking Belgian Doctors May Be Drafted In Army

BRUSSELS, Belgium (AP)—The Belgian government readied plans today to call the nation's striking doctors into the army if their eight-day-old walk-out continues much longer.

Informants said Premier Theo Lefevre was not anxious to draft the 12,000 strikers but believed he must plan for such an eventuality in the national interest.

Most of the younger doctors hold commissions in the army reserve.

The nation's 10,000 doctors and 2,000 dentists struck April 1 against legislation changing the state health insurance plan to limit their fees and open their medical treatment records to government inspectors. The insurance fund has a \$20-million deficit.

The strikers demanded that the government scrap the legislation, which they claim would prevent adequate performance of their professional duties and make them and their patients the prey of government snoopers.

The doctors also complained because they would not be allowed to stay out of the government plan, as British doctors can abstain from their country's nationalized health program.

There were signs of some confusion in the strikers' ranks. Newspaper editorials and comments of ordinary Belgian citizens revealed that the doctors

were losing popularity. In Brugge, the doctors decided to resume house calls. In other urban areas, doctors still refused to make such visits.

The strikers are participating in an emergency system under which serious cases are taken to hospitals for treatment.

They threatened to discontinue the emergency system if doctors were victimized or if hostility against them increases. Some physicians reported receiving anonymous threats. Others said their homes had been smeared with tar and paint.

Interior Minister Arthur Gillson claimed that emergency medical arrangements for the Brussels area were inadequate.

B. & P. W. Group At Regional Meet, Munising

Escanaba Business & Professional Women's Club members attended District 2, regional meeting at Munising at the Forest Inn, Sunday.

Erlene Ingraham of Munising, district director, presided. Jo Wetzel, Detroit, assistant chairman of the Citizens Advisory Committee on Traffic Safety, Eula Funk, Expansion chairman, and Lucille Ulrich, World Affairs chairman, were among the guests from the Michigan Federation.

Jo Wetzel, who has been appointed by the past three governors, as a member on the Citizens Advisory Board, gave a very informative talk on traffic safety. She stated that it costs the state \$1 million a day for traffic accidents. At present plans are to have a Governor's Traffic Safety Conference in August this year at Sault Ste. Marie, sponsored by the B&PW Club.

Lucille Ulrich gave a short talk on her work on World Affairs. Eula Funk stated there are eight new clubs in Michigan. St. Ignace has a new club with 16 members.

A debate team headed by Mr. Ingraham as coach, debated on "Medicare."

Members attending from Escanaba were Jean Kasun, president; Lottie Frechette, Lucille Ulrich, Judge Marie Peters, Alice Kvam, Caroline Nystrom, Hilma Asikainen.

THE ENGAGEMENT of Sharon Lynn Lewis and Marvin John Krause is announced by the bride-elect's parents, Mr. and Mrs. Lloyd Lewis of Petoskey Rte. 2, Mr. Krause is a son of Mr. and Mrs. Fred Krause Jr., 1914 23rd Ave. S. Escanaba. The wedding will take place May 23 at Salem Ev. Lutheran Church in Escanaba.

VFW Auxiliary Meets Monday

Veterans of Foreign Wars Ladies Auxiliary will meet Monday, April 13, at 8 p. m. sharp, at the V. F. W. Hall. Election of officers will be the main business of the evening. The 30th anniversary party for the Post, scheduled for April 9, has been postponed to April 22, and details will be announced later.

Family Reunion Birthday Surprise

Members of the immediate family of Mrs. Dan Beauchamp 409 S. 13th St., and other relatives and friends gathered at her home during the weekend, arranging the surprise visit in celebration of her birthday anniversary. Among those attending were Mr. and Mrs. William Vincent and family of Wilson, Mr. and Mrs. Arnold Morreau and Joan, Green Bay, Mr. and Mrs. Leno Pegoraro and family, Mr. and Mrs. John Mahalik and Susan, Mr. and Mrs. Howard Morreau and family and Harold Henke, Milwaukee, Mr. and Mrs. Donald Morreau and family, Elkhart Lake, Wis., Mrs. Pearl Bottrell and Mrs. Edith Ash and granddaughter, Powers, Mr. and Mrs. Ed Beauchamp and Olive of Wilson and Peter Botrow, Escanaba.

Wells

Guild Bake Sale
St. Anthony's Guild of Wells will hold a bake sale Friday starting at 11 a. m. at Goodman's Drug Store. Circle chairmen are asked to call the members of their circle for baked goods. Anyone not contacted is asked to take their goodies to the drug store.

C. Y. O. Tonight

St. Anthony's C. Y. O. will hold a regular meeting tonight at the parish hall. A social hour will be held after instructions. The quarter-finals of the ping pong tournament will be held from 8 to 9.

Troop Meeting

Wells Boy Scouts Troop 407 will hold a regular meeting Thursday at 7 p. m. at St. Anthony's hall. Scoutmaster Tom Carmody asks that all boys attend.

Rock

Barbara Norden was dismissed from St. Francis Hospital Friday and Ed Dyberg, Steve Rabideau and Butch Kulack were released Saturday.

CLEANSER FIGHTS ACNE

Deodorants and cologne are not substitutes for cleanliness. This is something teen-agers must be aware of early. An antibacterial skin cleanser contains hexachlorophene, once used only by doctors for scrubbing, now is commercially available. The cleanser cuts down on germ growth and is said to be nonirritating and hypo-allergenic. It is recommended for personal hygiene and is helpful in easing the acne problem.

Baby Bandwagon

New Names In The News

CHAILLIER—Mr. and Mrs. Thomas L. Chaillier, Trailer Court, Escanaba, welcomed their first child April 7, a daughter, born at 6:01 a. m. at St. Francis Hospital. The infant, Cindy Lou, weighed 6 pounds and 8 ounces. Mrs. Chaillier was Karen Beyersdorf before her marriage.

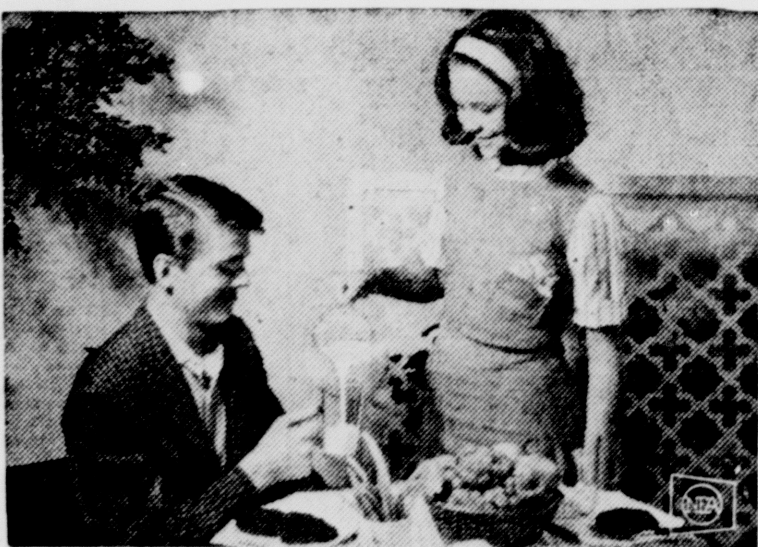

UTT—A daughter, Tammy Lynn, is the fourth child of Mr. and Mrs. James M. Utt, Escanaba Rte. 1. The infant, weighed 7 pounds and 10 ounces, and was born at St. Francis Hospital April 7 at 7:50 a. m. Mrs. Utt is the former Beverly LaMarche.

MEYER—Mr. and Mrs. Robert A. Meyer, 1413 2nd Ave. S. are the parents of a son, born at St. Francis Hospital April 7 at 8:50 a. m. The baby, second child in the family, weighed 7 pounds and 5 ounces and has been named Jeffrey Robert. Karen Polmateer is the mother's maiden name.

Try Nonfat Milk

NONFAT MILK boon to weight-conscious.

By GAYNOR MADDOX

Cynics like to say that marriage makes you fat. This can be true unless the young bride decides regularly to plan meals that are moderately low in calories but at the same time adequate in proteins, minerals, vitamins and carbohydrates. Otherwise she and her once slender young husband may soon be putting on weight that is neither needed nor becoming.

Many figure-conscious young couples today use nonfat milk both in cooking and as a beverage. It contains considerably fewer calories, but all the proteins, B vitamins, phosphorus and calcium of whole milk. Nutritionists recommend its use to weight and health-conscious young people.

Here is a pleasant well-balanced meal moderately low in calories for modern young marrieds. Nonfat milk is used in

the sauce and as a beverage.
Clear Beef Bouillon
Celery and Carrot Sticks
Ground Lean Beef Patties with Cheddar Cheese Sauce
Melba Toast — Fresh Fruit
Nonfat Milk, Coffee or Tea
Cheddar Cheese Sauce
Makes about 1 1/4 cups
2 tablespoons butter
2 tablespoons flour
1/2 cup instant nonfat dry milk crystals
1 cup water
1/2 teaspoon salt
1/4 teaspoon instant minced onion
Dash pepper and Worcestershire sauce
3/4 cup grated Cheddar cheese
Melt butter in saucepan; blend in flour and seasonings; stir instant crystals into water; stir into flour mixture. Cook and stir over low heat until thickened. Add cheese; stir until cheese is melted and sauce is smooth. Garnish with paprika, if desired.

NEW FAD—In Frankfurt West Germany, the latest toy craze is the "pedalo," a kind of pedal-driven roller skate. The toy's principle is similar to the crankshaft of a car.

Garden Peninsula Rummage Sale

A rummage sale sponsored by the Women's Fellowship of the Fayette Congregational church will be held Saturday April 11, in the town hall at 1:30 p. m. Lunch will be served.

Circle Meets

Mrs. Robert Lester entertained members of St. Martha's Circle Sunday night. Games were enjoyed after a short business meeting. Guests of the Circle were Mrs. Asa Tatrow, Mrs. Hattie Winter, Mrs. Harry DeVet and Mrs. William Swaer.

Mrs. Evelyn DeVet returned to Manistiquette after spending Easter vacation at her home. Otis Smith and son Larry who visited at home over the weekend returned to Flint Sunday.

Jane LaVallee of Green Bay visited her parents and attended the Miller-Johnson wedding Saturday.

Ed Cousineau is a patient at the Veterans Hospital in Iron Mountain.

Mr. and Mrs. Charles Gauthier spent the weekend at Spaulding with the Henry Maki family. Sunday they visited with Henry Gardner and Eddie Cousineau at the Veteran's Hospital in Iron Mountain. Mary Ann LaTulip of Marquette spend the week end at the home of her parents, Mr. and Mrs. Wallace LaTulip.

To Keep Spices' Charm, Keep 'Em Free From Harm

The homemaker visiting her favorite supermarket finds that never before have there been so many spices — attractive in flavor and in appearance — to choose from.

Of all cooking ingredients spices have the most romantic history, dating back to the very beginnings of time. Today, when everyone can savor the nip of black pepper, or the delicious aroma of nutmeg, cloves or ginger, it is difficult to realize that they were once regarded as treasure, hard to discover and transport.

(Yet we do all remember, don't we, that it was the quest for a "shorter" route to the Far East, where the spices came from, that caused Christopher Columbus to set out on his famous "wrong way" voyage that discovered America?)

Last Long Time

Most homemakers have a wide variety of spices stored away in kitchen cabinets or on spice shelves and this exotic collection can become a rather expensive investment. Because spices usually are used in very small amounts they last for long periods of time. It is, therefore, important to keep spices from going stale, from drying out, and losing their flavor.

Glass containers have proved to be the answer to this problem. For one thing, spices require protection from moisture as well as mite invasion, and glass provides it due to the fact that the bottles and jars can be tightly sealed. (This is one of the reasons why celery, garlic and onion salts usually have been packaged in glass.) And now all spices and herbs can be bought in glass containers.

The simplest dish can be turned into a gourmet delight with the many spices available and it's fun to experiment. However, culinary experts warn that the spices must be used sparingly. If you can taste

the seasonings, you have used too much, they say. Spices must blend with the food in order to bring out its best flavor. Try adding mace to chicken casseroles, caraway to lamb stew, or coriander to pea soup.

Spice Chart

If you would like to know more about what spice is best with what food, spice charts easily can be obtained from spice companies. You might keep a spice chart handy along with your cookbooks. Or, frame an attractive spice chart and hang it on your kitchen wall.

The many hues among your spices contained in glass bottles will sparkle on the home spice rack and dining room table, creating an attractive picture, while providing the protection necessary for these exotic seasonings.

Annual Meeting For Franklin PTA

The annual meeting of the Franklin PTA will be held in the City Hall Council Chambers April 14 at 8 p. m. All past, present and future members and friends are invited. There will be no room count, guest speaker or refreshments but it is expected that there will be much old and new business to discuss.

Post Auxiliary Holds Meeting

Members of American Legion Auxiliary, Cloverland Post 82, at a meeting Monday evening in the club room, approved a contribution to the "Life With Water" project in Ecuador and to the Alaska earthquake relief fund and planned the handkerchief donation to the VA Hospital in Iron Mountain for Mother's Day. Mrs. Thomas Powers was social chairman of the evening, assisted by Mrs. Clinton Prier, Mrs. Alfred Provencher, Mrs. Nettie Seidl, Mrs. Ivan McCauley, Mrs. Claud W. Fisher, Mrs. Merle Gregory, Mrs. Helga Schils and Mrs. A. E. Bryson.

The next meeting will be held May 4 with Mrs. Chris Jensen, chairman of hostesses.

Calvary Units Meet Thursday

RAPID RIVER—Rapid River Calvary Lutheran's L. C. W. units will meet Thursday. The Bible study of "Salvation Made Plain" will be continued at the following meeting places: Alton, 1:30 p. m., Mrs. Carl Oja; Ensign, 1 p. m., Mrs. Alben Lamborg; Ogontz, 8 p. m., Mrs. Richard Lundquist; Esther, 2 p. m. at the church parish hall with Mrs. Herman Stenlund and Miss Hannah Magnuson as hostesses, Rapid River, 8 p. m., Mrs. Russell Case.

Women's Activities

Bridge Lecture, Benefit Party Thursday Night

A special event of the week is the lecture by J. Lincoln Temby, expert on bridge, and the benefit bridge party sponsored by the Delta-Schoolcraft National Library Week committee, scheduled for Thursday evening at Escanaba Carnegie Public Library.

The lecture will begin at 8 p. m., and the bridge play will follow. Prizes will be awarded and refreshments will be served. A special prize also is planned.

Tickets may be obtained from Mrs. Harriet Fitzharris, chairman of the affair, Mrs. Dorothy Vogt or at the library.

The benefit has been arranged to raise funds to underwrite the cost of National Library Week activities.

DUCK ON RICE is lively with spices.

Duck With Rice

By GAYNOR MADDOX

Here's a change of pace dinner to take your mind off spring fever. Both the duck and rice recipe and the very refreshing dessert of cantaloupe filled with fruits may be just what your restless spirit craves for a change.

Rice With Duck

4 servings

4 to 5 pound duck
2 tablespoons butter or margarine

3 cups boiling water

1 tablespoon salt

1/4 cup instant minced onion

2 teaspoons ground cumin seed

1/2 teaspoon ground marjoram

1/4 teaspoon garlic powder

1/16 teaspoon ground red pepper

1 cup uncooked long-grained rice

Remove excess fat from duck and cut duck into 4 pieces.

Brown in a Dutch oven or heavy deep skillet in butter or margarine. Add 1 cup of water and salt. Cover and cook 45

minutes or until tender. Skim off excess fat. Add spices and remaining water. Mix well. Add rice. Cover and cook 20 minutes or until tender. Serve hot.

Cantaloupe Boat

4 servings

1 medium ripe cantaloupe

4 wedges fresh lime

Fresh grapes or berries in season

Fresh mint springs

Wash cantaloupe and cut in half lengthwise. Remove seeds and stringy portion. Cut each half into 2 wedges. Top with a fresh lime wedge and a small cluster of fresh grapes or berries in season. Garnish with a sprig of fresh mint.

Bark River

Junior Auxiliary

Mrs. Philip Norman announces that a Junior Legion Auxiliary meeting, Rheume-Knauf Post, will be held Thursday at 7:30 p. m. in Bark River Community Hall.

Dinner Guests

Dinner guests at the Dan Levesque home Thursday evening were Mr. and Mrs. Rudy Gafner and family of Escanaba, Mrs. Richard Bizeau and three children of Chicago. The occasion was in observance of the birthdays of Mrs. Bizeau, April 2, and Mr. Levesque, April 5.

Party Aides

Six women of St. George Rotary Society went to Pinecrest Medicare Facilities in Powers Thursday afternoon to assist with the games program for the patients. They were Mesdames Joseph Grzybowski Jr., Joseph Gaudrault, Louis Kleiman, Martin Kwarcianny, Carl Sarasin and I. R. Nelson.

Barbara Hutton Marries Prince; Seventh Husband

CUERNAVACA, Mexico (AP)

—Barbara Hutton is a bride for the seventh time and a princess for the third. She married Vietnamese-French Prince Doan Vinh Tuesday night.

The 51-year-old Woolworth heiress wore a green Southeast Asian gown with gold trimmings and had her feet painted red in deference to her bridegroom, a tall, 48-year-old chemist and artist.

About 30 guests were invited to the twilight ceremony at Miss Hutton's \$3-million, Oriental-style home at nearby Jiutepec, an Indian village about 60 miles south of Mexico City.

The bride's son, Lance Revell, 27, came from California for the wedding.

Social-Club

Junior Auxiliary

The Junior Auxiliary of Escanaba River Unit 115, American Legion Auxiliary, will meet Thursday at 7 p. m. at Flat Rock Town Hall. All girls are asked to have their dues and membership blanks. Lunch will be served.

Order of Runeberg

The Order of Runeberg will meet Thursday at 7:30 p. m. at the V. F. W. Hall. Lunch will be served.

Home and School

St. Joseph's Home and School Association is meeting at 8 this evening in the school cafeteria. Mrs. Agnes Gleich, 5th grade teacher, will present the program on "Physical Fitness."

Bake Sale Friday

St. Anthony's Guild of Wells is sponsoring a bake sale Friday, beginning at 11 a. m., at Goodman's Drug Store.

Wait Watchers

Wait Watchers TOPS Club will meet Thursday at 7:30 p. m., at 1618 N. 3rd Ave. The white elephant sale, planned for the meeting, has been postponed.

Rebekah Meeting

Phoebe Rebekah Lodge 179 will meet Thursday at 8 p. m., at the IOOF Hall. The committee for the evening is Dagmar Wicklund, Caroline Sundelius, Irene Johnson and Pauline Olson.

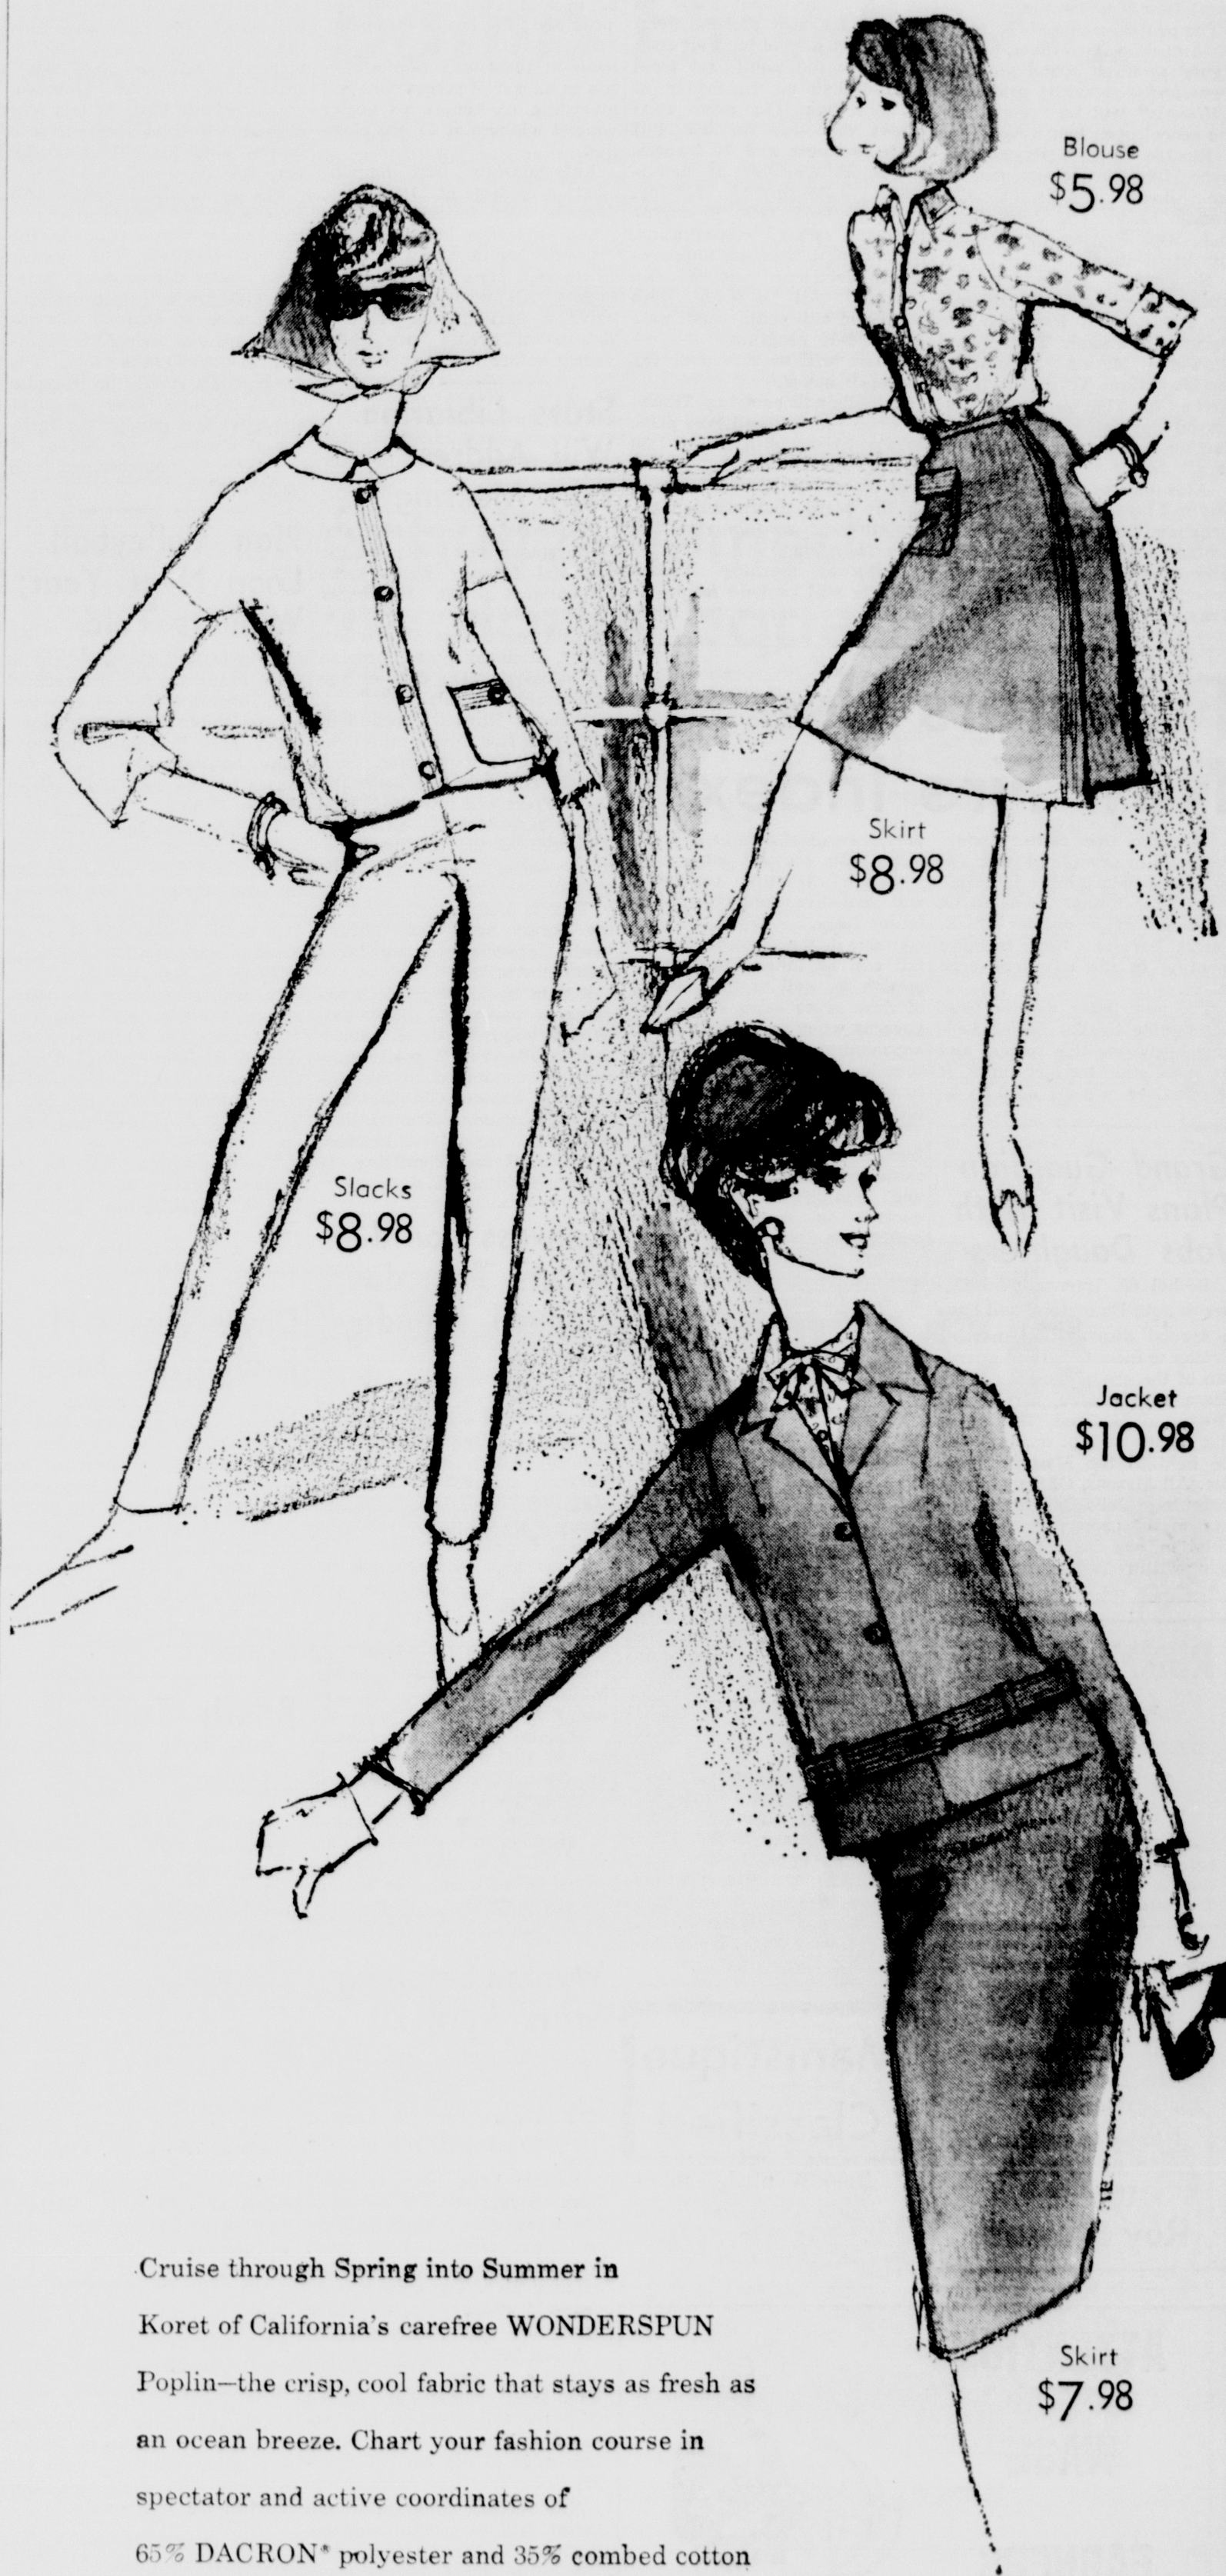

Pine Ridge PTA

Regular meeting of Pine Ridge PTA will be held at the school Thursday at 7:30 p. m. A psychologist from the Child Guidance Service in Escanaba will discuss pertinent problems and present a film.

MHS Students Have Election

After spirited campaigns, Manistique High School students have elected slates of city and county officers for May 18, first day of Michigan Week, when they "take over" government functions for the day.

The project is one of the class in American government, designed to teach sound government and democratic practices. "Officials" will be present for the school open house April 14. Elected to the city council were Mike Christensen, mayor; Sue Bosanic, Bob Hewitt, George Lesica and John Sellman. Rick Pawley was elected municipal judge.

Supervisors elected by the students were Beverly Burrell for Doyle, Rich Handrich for Germfask, Joseph Tufnell for Hiawatha, Marvin Schmucker for Manistique Township, Irene Archey for Thompson, Jim Anderson and Katherine Coger are tied for the Mueller supervisors.

Also elected Tuesday were Donna Lloyd, county clerk; Sue Orhanen, treasurer; John Wood, probate judge; Jim Hubble, register of deeds; Tom Derwin, prosecuting attorney; and Mike Gray, sheriff.

MANISTIQUE Big 4H Show This Weekend

The annual Schoolcraft County 4-H achievement show is scheduled Friday and Saturday in the high school with an open house for the public set from 1:30 to 9:45 p. m., Friday at the old gym. The event concludes the year for 350 4-H Club members and 70 leaders.

Project displays in handicraft, leathercraft, clothing, knitting, food arts, photography, gun safety, conservation, home design, personal improvement, electrical science and first aid will be made. Both rural and city youth participate in the 4-H program.

Coffee will be served during the open house.

Exhibits will be set up Thursday and judging will take place Friday from 9:30 a. m., to 1:30 p. m. The annual dress review will be at 1:15 p. m., Saturday in the MHS auditorium. Presentation of awards also will take place then.

Saturday morning, speech contests will be held from 9:45 to 10:20 a. m., in the home

economics 4 room, and at 10 a. m., entertainment will be provided in the auditorium. Flag pledges at 10, a talent show at 10:20 with Bob Atherton as master of ceremonies and awarding of honors to poster contest winners at 11 are planned.

Entertainment and demonstration contests at 11:15 a. m., precede noon luncheon in the home economics kitchen.

County winners will compete in district, state or U. P. Fair events. All who complete receive a participation ribbon. Evaluation events are held yearly before the county show.

State Librarian Will Address Esky Meeting

Residents of Schoolcraft and Delta county are invited to the National Library week kickoff banquet at the House of Ludington Saturday at 6:30 p. m., at which Miss Genevieve Casey, Michigan State Librarian will speak on "The Golden Age of Libraries in Michigan."

Richard Rinehart, president of Bay de Noc Community College, will be toastmaster. Jean Worth, editor of the Escanaba Daily Press will introduce Miss Casey. Mrs. Madalyn Bradford, president of the Michigan Library Assn., is expected to be present.

Tickets may be obtained at the library here. The library week observance continues through April 18.

Events for Library Week include a paperback book sale here Friday, April 10, and a bookmobile visit. A poster contest was conducted among elementary students in the two counties under Mrs. Lillian Brookes, school librarian. Schoolcraft is submitting 18 posters for judging.

Canvass Board Meets Thursday; Council Monday

The board of canvassers for the city meets at 9 a. m., Thursday to canvass votes cast in the municipal election Monday. Unofficial tallies gave 811 to Mervin White, 795 to Charles Varnum and 685 to Leo Demars for the three Council posts, and 724 to Roy Stewart to win the constable post.

There were 10 candidates for the 4-year Council terms and three for the two-year constable term.

Members of the canvassing board are L. G. Gorsche, George Matthews, Edward Leonard and Frank M. Gierke Sr.

A total of 1631 votes were cast or 69.6 per cent of the total vote. The city has 2,343 registered voters, after removal of 244 from lists this spring due to death or non-voting. Voters must ballot at least every two years, or re-register to remain on the voter list.

Wyman Shipping Stats April 20

Orders are being received for stock from Wyman forest nursery here, with shipping scheduled to start April 20. Carlton Hollister, superintendent reports.

Orders have been received from private sources for 400,000 trees. About three million will be available this year, with 20 per cent spruce and the balance pine. The spruce is 4-year-old stock and the pine three and four years old.

About 700,000 will be planted on state forests in the U. P., some locally. Orders are placed with the Conservation Department at Lansing, which refers the order to the nearest nursery.

The seeding program in the future will be greatly reduced, Hollister states, as demand is less since more open spaces have now been planted. Less tree stock will be required to plant the remaining areas, which are scarce and more difficult for planting.

Band Concert Here April 30

More than 100 Manistique High School youngsters are preparing for the annual booster concert Thursday, April 30 at 7:30 p. m., in the MHS auditorium. For the first time in several years, the junior band will share the spotlight with the senior band. Two added attractions will be the Boys' Quartet and Christine Mathson, chosen at the Feb. 29 solo and ensemble festival to participate in the band festival at Gwinn May 2.

The group and Christine will appear on the booster concert program in preparation for the Gwinn festival. The junior band, under direction of Christine Mathson will open the program, and the Quartet will appear next and then Miss Mathson in her piano solo.

The senior band closes the program which includes three selections the band will play in the festival at Gwinn.

Tickets may be obtained from band members.

Plan Volleyball Loop Next Year; Winners Told

In volleyball playoffs held to raise funds for the new school bus, Hiawatha Honeyes emerged as champions, defeating Newberry 21-7 in finals. Trophies were awarded the two top teams by the new high school Booster Club.

The Hiawatha team won 21-7 over Germfask, and Lakeside Lefters lost 21-17 to Newberry in semi-finals of the tournament, which attracted many.

The event raised \$97.50 as of Friday, with some scattered sales to be reported yet.

In preliminaries of the tournament the Hiawatha team won 21-14 over the Gulliver Gals, Germfask Gems won 21-8 over Fairview Fillies, Lakeside, 21-8 over Mueller Misses and Newberry 21-9 over Riverside Rebels.

The tournament will be repeated in other years, with a league organization planned. The teams practiced once a week or more for the past two months in preparation.

Doyle Has 4-H Evaluation Meet

The Doyle Township 4-H evaluation session was held at the school Monday, with Jeanne Kay MacGregor receiving the dress review pin. Honorable mention went to Penny Nord. In first year knitting, the winner was Cheryl Jackson and in first year sewing, Maribeth Pawley, Laurie Ann and Anita MacGregor. Judges were Mrs. Lucille Adamek and Mrs. Eva Mattlin.

Briefly Told

State Police ticketed David Kelly of Traverse City for speeding.

Application for a marriage license has been made by William Joseph Couillard, 742 Garden Ave., and Flora Rita Welch.

Final organization of a young Democratic Club is scheduled along with other business matters for the convention of the Schoolcraft County Democratic party at 8 p. m., today in the VFW clubrooms.

The board of Christian education of First Baptist Church meets at 7:30 p. m., Friday.

American Legion Post 83 meets at 7:30 p. m., Monday, April 9 at Harbor Inn. Lunch will follow.

The Presbyterian Guild meets Wednesday at 8 p. m., in Westminster Hall with Mrs. Frank Arrowood as leader. Hostesses will be Mesdames Floyd Shelly and Harvey Patz.

James Taylor has returned to Northern Michigan University after visiting with his parents, Mr. and Mrs. Cecil Taylor. He is a senior.

The Fourth Degree Knights of Columbus meet at 8 p. m., today (Wednesday).

American Legion Auxiliary meets Monday, April 13 at 8 p. m., at the Youth Center. A white elephant sale will be held. Pot luck lunch will be served. Coffee, cream and sugar will be furnished by the Auxiliary. Members are to bring table service.

Members of the board of trustees of First Baptist Church and their husbands and wives will be entertained by Rev. and Mrs. Roy A. Pitts at the church parsonage at 7:30 p. m., Sunday, April 12.

The history, description and importance of early English silver and pewter was the subject of the review presented by Mrs. John Orr to members of the Study Club at the regular meeting Monday evening at the

Pick Yankees To Repeat As American Loop Champ

By JOE REICHLER

NEW YORK (AP)—As impregnable as Fort Knox and almost as rich, the New York Yankees are so far superior to the rest of the American League it is conceivable they could wrap up their fifth consecutive pennant in record time.

The big battle figures to be for second place. Four teams—Minnesota, Baltimore, Chicago and Detroit—will probably knock each other's brains out for the runner-up spot.

Of the others, only Cleveland appears to have a chance to sneak into the first division. The immediate future bodes ill for Boston, Los Angeles, Washington and Kansas City.

How can the other clubs stop the Yankees with a healthy Mickey Mantle and Roger Maris? Even without them for half a season, the Yankees ran off with the 1963 championship by 10 games.

The possible order of finish:

1. New York
2. Minnesota
3. Baltimore
4. Detroit
5. Chicago
6. Cleveland
7. Boston
8. Los Angeles
9. Washington
10. Kansas City

Yogi Berra, the new manager, claims the Yankees are stronger than last year. His argument is simple and direct.

"Our outfield is the best, our infield is the best and our catching is the best," he said. "And our pitching is better than it was last year."

The Yankee outfield trio of Mantle, Maris and Tommy Tresh, and the infield of Joe Pepitone, Bobby Richardson, Tony Kubek and Clete Boyer rank tops in the league.

Catcher Elston Howard, the league's Most Valuable Player of 1963, is in a class by himself. The Twins compare favorably

with the Yankees in power. They have good, if not outstanding pitching, but lack the tight defense so vital to a pennant winner. They were eighth in fielding last year and the switch at first from Vic Power to Bob Allison doesn't figure to eliminate that weakness.

Manager Hank Bauer has instilled some aggressiveness in the Baltimore line-up, which figures to be strengthened by newcomers Norm Siebern and Willie Kirkland. The pitching is strong and could rate with the best if Chuck Estrada's apparent recovery following an elbow operation is no myth.

Al Lopez, manager of the White Sox, maintains his perennial optimism but Pete Ward, his slugging third baseman, continues to suffer from a chronic back ache, diagnosed nosed as a pinched nerve.

Detroit has improved its infield and outfield by the acquisition of second baseman Jerry Lumpe and center fielder Don Demeter. Frank Lary, the ailing right-hander, has pitched encouragingly this spring but Manager Charlie Dressen has been unable to come up with a replacement for the departed Jim Bunning.

Casper Claims Spot Is Eight On Wet Course

AUGUSTA, Ga. (AP)—"On a dry course we spot them six strokes. When it's wet, it's eight."

So estimated Billy Casper, former Open champion and one of the golfers rated a chance to cut down long-hitting Jack Nicklaus and Arnold Palmer in the 28th Masters Golf Tournament beginning Thursday.

Casper finished his first practice round over the Augusta National Course Tuesday and said: "If ever a golf course was built for Nicklaus and Palmer, this is it. And when it's wet it's more so."

The course was soaked Monday. A muggy, overcast Tuesday didn't do much to put any roll back in the fairways. More showers were expected today.

Anything can happen for the tournament, since the locals say "we usually get one day of rain, one day of sun, one day of wind and one nice one, but not necessarily in that order."

Under the best of conditions the course, which is just a short chip shot under 7,000 yards, is a hacker's nightmare and a short hitter's Hades. When it's wet, the bunters might as well stay home.

The tees are usually placed so that drives must carry uphill. On a dry day, the short hitters

hit, and hope the ball will roll to the top. On a wet day they just hope.

The big, straight hitters—meaning Nicklaus and Palmer—can paste the ball to the top of the hill on the fly. And they get extra roll when they get there.

An invited field of about 90 players will tee off Thursday in pursuit of Nicklaus, the defending champion. The big, blonde Ohio Golden Bear is aiming to be the first player ever to repeat.

He was the youngest player ever to win the Masters last year. If he repeats at the age of 21 he will be the second youngest, too.

Byron Nelson won in 1937 at the age of 25.

For the first time in many years, all the living past champions are on hand. Ralph Guldahl, the 1939 winner and one-time undisputed king of golf, is on hand for the first time since 1947.

Old Sam Snead, 51, runner-up to Guldahl in 1939 and winner in 1949 and 1952, is rated a genuine chance. He shot a 69 in a Tuesday practice round.

Palmer had a 72, and admitted he hit some drives farther than any he ever hit before. Nicklaus had a 71, as did Casper.

Mason Rudolph of Clarksville, Tenn., who is a possible title threat, also had a 69.

Tigers Notch Third In Row

COCOA BEACH, Fla. (AP)—Life turned more pleasant for the Detroit Tigers in this Florida coastal town Tuesday night.

With southpaw Mickey Lolich going the distance and scattering nine hits, the Tigers won their third straight exhibition game in defeating the Houston Colts 4-1.

Meanwhile Al Kaline smashed his hitting slump, collecting a double and two singles.

The work of Lolich, counting on as one of Detroit's six starting pitchers this season and Kaline's performance after recent trouble were a boon to manager Charlie Dressen.

Lolich struck out 11 men, including rookie catcher Jerry Grote of the Colts four times.

The Tigers walloped Houston pitching for 11 hits. They got three runs in the fourth inning on five hits and added the fourth in the ninth without a hit.

The Colts put men on base in all but two innings but failed to dent Lolich except in the second when they got their only run.

The victory left the Tigers with a 10-14 record for exhibition play. The team had an open date today.

Ortiz Plans Ring Future

SAN JUAN, P.R. (AP)—Carlos Ortiz said today that if he beats Kenny Lane in their lightweight title fight Saturday night he might defend his crown again this year, against featherweight champion Sugar Ramos.

"I might fight him in Los Angeles for \$100,000; that's more than any other lightweight has ever earned for a single fight," said Ortiz, who makes no bones about fighting "only when the price is right."

But the 27-year-old Ortiz added that he only plans to defend his crown six or seven times, and a difficult victory over Lane might make him change his mind about a fifth title defense this year.

Ramos won the featherweight crown in March 1963 by knocking out Dave Moore, who died of his fight injuries.

Bill Daly, Ortiz' manager, said that matchmaker George Parnassus had suggested a Ramos fight in Los Angeles, "but we can't consider any offers until this fight is over, and then the line forms to the right."

Ortiz, with a 43-4 record, is a 2-1 favorite to beat Lane for the third time in their fight at an outdoor baseball stadium. He lost a 10-round decision to Lane in 1958, but stopped him in the second round on cuts the following year.

Lane, with an 85-11-1 record, claims Ortiz never beat him.

Foresters Use New Fire Index

A new fire rating index, designed to provide greater accuracy in determining fire conditions for forestry, was to be discussed at a district U. S. Forest Service fire training meeting in the city hall here today.

The new index will be used nationwide by the Forest Service beginning this spring, and by some state forestry units. It is based on a scale of 0 to 40

plus, instead of zero to 100, and takes into account long-range seasonal moisture conditions and moisture content of different fuels.

Under it, the amount of rainfall will be taken into consideration as well as the number of days since rain. The index governs when and what towers are manned, and what fire suppression forces must be on hand to meet expected burning conditions.

Other discussion topics at the training meeting today were radio communication, personnel and equipment organization, control on fires, crew and equipment dispatching, fire records, firefighter personnel screening and personnel safety in fire fighting.

The Forest Service reports a training meeting for the staff of the Hiawatha Forest will be held here April 29-30.

Grand Guardian Plans Visit With Jobs Daughters

Bethel 69, International Order of Jobs Daughters, will have a special dispensation meeting Friday to meet the grand guardian of the grand council for the State of Michigan, Mrs. Sylvia Brown of Midland. The meeting begins at 7 p. m., and will be held in the Masonic Temple. All Masons, OES members, parents of Jobs Daughters, and persons of proper Masonic affiliation are invited. A social hour with refreshments follows.

Law Can't Pitch On Opening Day

By The Associated Press Pittsburgh right-hander Vern Law, a respected elder in the Mormon Church, has run afoul of baseball law.

Continuing his impressive pitching in a comeback bid, the Deacon hurled six innings of perfect ball Tuesday in the Pirates' 3-2, 10-inning exhibition loss to St. Louis, an effort that should have thrown Law into the spotlight for one of the game's biggest plums—an opening day assignment.

But the big book of baseball law has thrown him a curve.

The one-time 20-game winner and hero of the Pirates' 1960 World Series triumph decided last year to retire—temporarily at least. In accordance with that decision, Law was placed on the voluntary retired list.

That move made him ineligible for reinstatement to the active roster until six days after the 1964 season opens.

Besides Law, Kansas City's Diego Segui and Detroit's Mick-

ey Lolich turned in solid pitching performances.

Segui hurled shutout ball in his eight-inning stint, allowing only six hits, but the A's had to hold on once he left before nailing an 8-5 victory over the New York Mets. Lolich scattered nine hits, striking out 11, as he went the route in the Tigers' 4-1 victory over Houston.

Lee Thomas drove in his 29th run of the spring in the Los Angeles Angels' 3-2 triumph over Cleveland. Bob Allison singled home the winning run as Minnesota edged Washington 5-4 and Harry Bright's two-run double led the New York Yankees to a 4-3 decision over the Los Angeles Dodgers.

Jim Maloney pitched eight innings and stroked three singles as Cincinnati beat Philadelphia 6-4, the Chicago White Sox took advantage of Norm Siebern's error and went on to defeat Baltimore 3-1 and the Chicago Cubs rode four unearned runs to a 4-2 victory over Boston.

Baseball Writer Picks Cardinals In NL Race

By JACK HAND

NEW YORK (AP)—It has been 18 long, dry years since the St. Louis Cardinals won a National League pennant. The drought is over. Despite the retirement of Stan Musial, they will scramble home first this season in another typical cut-throat struggle.

The world champion Los Angeles Dodgers will be in it. So will San Francisco, Philadelphia and Milwaukee. Cincinnati could be a factor. Even Pittsburgh and Chicago are possibilities. Only Houston and the poor old New York Mets appear out-classed.

Nobody has repeated in this well-balanced league since Milwaukee in 1957-58. Four different teams have won in the last four years starting with Pittsburgh in 1960. With the exception of the Colts and Mets, only the Cardinals, Phils and Cubs have failed to make the grade in the last six years.

It is about time for another pennant for the Red Birds who haven't been in the World Series since 1946 when Enos Slaughter made his famous dash home from first base while Johnny

Pesky of the Boston Sox hesitated. Here's the way it looks from here:

1. St. Louis
2. Los Angeles
3. San Francisco
4. Philadelphia
5. Milwaukee
6. Cincinnati
7. Chicago
8. Pittsburgh
9. Houston
10. New York

In the American League you start with New York and work down. In the National you open with New York on the bottom and work up. Not even the plush Shea Stadium can rescue the Mets from a third straight year in

Royal One-Two Scoring Punch Shakes Celtics

CINCINNATI (AP)—Cincinnati's one-two punch of Oscar Robertson and Jerry Lucas powered the Royals to a do-or-die fourth game victory over the Boston Celtics in the Eastern Division playoff finals of the National Basketball Association Tuesday night.

Boston, winner of the first three in the best-of-seven set, was in position to take its eighth straight division title Tuesday night but ended up on the short end of the score, 102-93.

The series moves to Boston for the fifth game Thursday night.

"The pressure was on us and I told the team to just relax and play their normal game," said Royals' Coach Jack McMahon. "We only made some small adjustments on both offense and defense."

But those adjustments just about bottled up Boston's Bill Russell. The big center, who led the Celtics in the first three games, got only one field goal and seven free throws for nine points. He grabbed 24 rebounds, but Lucas pulled down 25 for the Royals.

In the NBA's Western Division finals, St. Louis and San Francisco tangled in a fourth game tonight at St. Louis. The Hawks lead that series 2-1.

Celtics' Coach Red Auerbach said the Royals played better. "They're not a punk ball club that you can beat four times in a row. They have a lot of pride and didn't want to lose four straight," Auerbach added.

McMahon credited Robertson's second half performance and Lucas' rebounding as the big factors in the Royals' win. "At the half, I saw that Oscar had only eight points. I felt this was a good sign because he's too good a player. We needed the big second half and got it."

Robertson got 25 points in the last half and ended up with 33 to share scoring honors with the Celtics' Sam Jones. Jones had

a torrid first half, scoring 24 points in 18 minutes. But he cooled considerably in the second half and found himself unable to shake Jay Arnette.

"Arnette gave us a lift at the end," said McMahon. "He played right on Jones."

Jack Twyman with 31 points also turned in a top performance for the Royals.

Craig Is Cut From Tigers

LAKE LAND, Fla. (AP)—A young man's hopes and dreams sometimes get the roughest kind of treatment in a major league baseball training camp. Pete Craig, the big, strong right-handed pitcher signed by the Detroit Tigers off the University of Detroit campus last summer, is an example.

Craig, 23, was one of the 10 men of Tuesday's squad cut in which manager Charlie Dressen reduced the roster to the legal limit of 28 men for next week's American League opening.

Eight of the 10 were sent to Tigertown for reassignment in the Detroit organization, but Craig was cut outright. Waivers were asked on him for \$8,000.

Survivors of the cut included second baseman George Smith and catcher John Sullivan. Smith leads the spring club in hitting with a .533 average on eight hits in 15 times at bat. He and Sullivan likely will be used as pinch hitters.

The eight men sent to Tigertown included six pitchers and outfielder Purn Goldy and shortstop Ray Oyler. All went on 24-hour recall basis. The pitchers are Bill Paul, Jack Himton, Denny McLain, Willie Smith, Doug Gallagher and Bob Dostal. First baseman Bill Roman was returned to Syracuse.

Escanaba Will Drop From GLC Withdrawal Set Next Year; Eye New League

By RAY CRANDALL
(Press Sports Editor)

MUNISING — The Great Lakes Conference doors, locked to outside appeals for membership in recent years, were burst open from within by a surprise announcement by Escanaba High School at the annual spring meeting here Tuesday.

Escanaba Area Public High School submitted its resignation from membership in the 10-school conference effective at the close of the 1965 season.

Turn by internal strife and outside pressures for membership in recent years, the Great Lakes Conference has wrestled with its unwieldy size, geographically and in enrollment figures, without solving any of its problems.

The situation in football, especially, has been an unhappy one in recent years and the GLC sought to solve the problem with revolving and rotating schedule systems.

While the conference has been unable to smooth its own troubled surface, outside schools have cast longing glances at its membership. The Great Lakes, in the past five years, has turned down bids for membership from Escanaba Holy Name, Calumet, Rudyard, Menominee, Gwinn and Marquette Bishop Baraga.

Not Unexpected
Escanaba's action Tuesday, although not completely unexpected, stunned the conference coaches and school officials in attendance. Escanaba had led previous efforts to realign the present conference setup into large and small school sections, or even into two separate leagues.

The announcement of Escanaba's action was made by a letter from Walter Bright, superintendent of schools, as follows: "After prolonged study and consideration the coaching staff and administration will recommend to the board of education that Escanaba Area High School withdraw from the Great Lakes Conference."

"Good Relations"
"We have enjoyed a good relationship with all conference schools and have the greatest respect for member athletic teams. We feel, however, that for the betterment of our total athletic program and in an effort to increase and promote greater participation by our student body we must seriously consider membership in a proposed new conference."

"Escanaba Area High School will definitely meet all Great Lakes Conference commitments through the 1964-65 season."

In reply to questions, Escanaba Athletic Director Harold Johnson stated that his staff and school officials feel that a new conference will provide better competition, more athletic range for Escanaba students, eliminate travel in some cases. He added that the school hoped to continue athletic relations with some Great Lakes Schools.

The conference accepted Bright's letter and placed it on file.

Class A School
Escanaba has been an official member of the Great Lakes Conference for five years. The school was admitted, along with Stephenson, on a provisional basis in 1955 and became a full-fledged member in 1956.

Escanaba is one of the largest schools in the Upper Peninsula, one of the four Class A schools in the region. The other Class A schools in the U. P. are Sault Ste. Marie and Marquette, members of the GLC, and Menominee which is

Bob Irish Pool Champ

Bob Irish captured the Open division crown in the teenage pocket billiards tournament at Club 314 last night by taking two straight games from Dale Thibodeau, Junior titleholder. The top four of the Juvenile, Junior, and Intermediate divisions competed in this special class and none of the division champions was able to go all the way. Thibodeau got as far as the finals but had to settle for runner-up honors.

The following boys fell by the wayside as Irish rolled to the title without losing a game: Dick Weber, Rodney Beauchamp, Terry Robitaille, and Dale Thibodeau. Thibodeau moved into the finals by drawing a first round bye and then defeating Ed Gauthier and Greg Kern.

Terry Robitaille took third place by upsetting Greg Kern in the consolation playoff. Robitaille had eliminated John Vardigan and Richard Andrews before losing his semifinal game. Kern began play in the quarterfinals after an opening round bye, defeating Chris Young in a close game.

The annual table tennis tournament will open on April 20 and registration will begin at Club 314 tomorrow afternoon at 3 o'clock. In addition to the Juvenile, Junior, and Intermediate divisions there will be a Senior class for boys and men 18 years of age and over. Trophies will be awarded to division winners with medals going to second, third, and fourth place finishers.

Pastrano Unique Among Losers; Has No Alibi

NEW ORLEANS (AP)—In an era of alibiing losers, Willie Pastrano appears as odd as a teen-ager driving 30 miles per hour on a speedway.

The light-heavyweight champion lost a non-title 10-round to Argentina's Gregorio Peralta last Sept. 20 and never once did he give out with the standard "We wuz robbed" excuse.

"He beat me, no question about it," said Pastrano again today. "He's an awkward-type fighter who surprised me with his style. I was in good shape physically but not up mentally. I guess I was too over-confident. I never heard of him. I thought he was just another one of those wild swingers from Argentina like Jorge Fernandez and Rocky Raverio. But he's cute and knows what he's doing. He shifts from a right-handed to left-handed stance and he had me baffled. This time I'll be ready for him."

Pastrano gets his return crack at the Argentine Friday in a 15-round title fight at the Municipal Auditorium. It will be televised nationally, ABC, 10 p.m. EST.

"I watched Peralta beat Wayne Thornton in those two television fights after he won from me and he fought the same way," said Willie. "He likes to take charge in a fight. I don't think he'll like it if it's the other way around. I think he'll get flustered."

"So that's what I'm going to do. I'm going to get inside and see if I can mess him up."

Detroit Red Wings Bomb Hawks 7-2

DETROIT (AP) — The \$500 check that Coach Sid Abel of the Detroit Red Wings has to write to the National Hockey League may prove to be one of the smartest investments he ever made.

Abel and his Red Wings got word of the \$500 just before they took the ice for the sixth game of their Stanley Cup semifinal series with the Black Hawks Tuesday night.

The fired-up Detroiters went out and bombarded Chicago for a lopsided 7-2 decision that tied their series at three games each and put all the chips on the line for the seventh and deciding game at Chicago Thursday night.

Chicago never really was in the game after the opening moments. Norm Ullman slammed in Detroit's first goal at 5:37 after the Red Wings had softened up the Chicago defense with some rugged checking.

Ullman, the big scoring gun for the Red Wings in the series, add two more goals and a pair of assists before the night was over. It was his second hat trick of the series. He collected three goals in an earlier Detroit 5-4 victory over the Hawks.

Stan Mikita cut the Detroit margin to 4-2, but it took the Wings' Ullman only 33 seconds to run the score up to 5-2 as the period ended. Ullman and Bruce MacGregor scored in the final period which was all Detroit.

Goalie Glenn Hall of the Hawks was taken out after the second period after the Wings had put five of their 25 shots past him.

Terry Sawchuk, who has been in and out of a hospital since the series started, was bumped around hard in the second period. But, he held the Hawks scoreless in the final period and gave little evidence of the pinched nerve in his left shoulder that has bothered him in the series.

Coach Billy Reay barred newsmen from the Hawks dressing room after the game. He came out to talk with newsmen but had little to say.

The Detroit dressing room was a scene of jubilation. Abel had predicted that his angered Wings would win last night's game because they were still smoldering about the call on a disputed goal by Wharram in Sunday night's game at Chicago which Chicago won 3-2.

Abel called his players together just before they took the ice and read them Campbell's message telling of the \$500 fine.

Schultz Named To Honor Squad

MUNISING—Wally Schultz, Escanaba's 6 foot 3 inch senior forward, was named to the Great Lakes all-conference first team by coaches at their annual spring meeting here Tuesday.

Joining Schultz on the GLC honor team were Bruce Forstrom of Marquette, Les Codutti and Doug Perttunen of Ishpeming and Dennis Porter of Sault Ste. Marie.

Named to the second team were Bob Randall of Gladstone, Tom Brawley of Manistique, Jim Dougovito of Stephenson, Paul Albright of Marquette and Bill Eis of Escanaba.

On the honorable mention list were Jim Carlson of Negaunee, Dave Bush of Stephenson, Joe Poquette of Munising, Leon Frang of Newberry, Blue Devils.

Conference coaches also: 1—Set the Great Lakes track and field met for Manistique on Saturday, May 9, with William Cook as manager.

2—Set the GLC's first golf meet for Ishpeming the last week in May with C. C. Watson as manager.

3—Set the GLC's first cross country meet for Marquette the Saturday prior to the U. P. finals.

4—Presented the GLC basketball championship trophy to Clair Wilhelm, coach of the Soo Blue Devils.

Exciting Contest! Exciting Shoes!

Contest Ends May 1st!

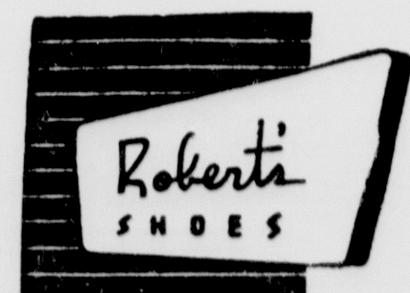

THE pedwin OPEN

Win this beautiful set of Sam Snead golf clubs

Here's a new golf contest that's easy to enter, and easy to play. You can win a complete matched set of Wilson's nationally famous Sam Snead golf clubs with handsome bag, head covers and oversized golf umbrella. Come in today and look over our complete selection of modern Pedwin shoes, the latest word in shoe styling, and learn how easy it is for you to try your luck in the Pedwin Open.

Other Valuable Prizes:

- 2nd—Pedwin Shoes
- 3rd—Pedwin Shoes
- 4th—Pedwin Shoes

"THE GREAT DIVIDE"

GLADSTONE

Golden Agers Party Planned

The L. C. W. of First Lutheran Church will sponsor their annual Golden Age party at the Church Fellowship Hall at 2:30 p. m. Thursday. All members and friends of the church who are 70 years of age or older will be special guests.

Pastor Reuben Carlson will be the speaker and Mrs. Roland Eckstrom of Bark River will present a musical program. The church-sponsored Girl Scout troop has made special favors for the party.

Hostesses for the afternoon include the Mesdames Alvin Soderman, LeRoy Hamilton, Edwin Englund, Wilfred Ayotte, Myrtle Erickson, Clarence Cartwright and Robert Miller.

Briefly Told

Gladstone Lodge 396 F&AM will hold a special communication for work in the Master Mason Degree Thursday beginning at 5 p. m. at the Masonic Temple. Supper will be served at 6 p. m. and visiting Masons are welcome to attend. The work will be put on by the past masters.

Central P. T. A. will sponsor a bake sale at Butch's Hardware Friday from 1 to 8 p. m. Assistance is needed for this project and anyone who can help is asked to call Mrs. James Walker, chairman. Baked goods will be picked up if necessary and those wishing this service may call the hardware after 1 p. m. on Friday.

Chrysler Will Build In Peru

DETROIT (AP) — Chrysler Corp. says it plans to build a \$3.4 million assembly and manufacturing plant in the Lima - Callao area, Peru, for production of Chrysler and Simca vehicles.

I.J. Minett, group vice president for international operations, said construction will start as soon as contracts with the Peruvian government formally are signed. First production is scheduled for mid-1965.

R.C. Mitchell, president and managing director of Chrysler International S.A., said initial plans call a productive capacity of 3,000 vehicles annually.

HOLLAND (AP) — Plans for a 30-unit \$500,000 motor inn and restaurant at Lake Macatawa here were announced Tuesday by Dick Den Uyl, president of Macatawa Inn Inc.

Construction is scheduled to begin this month and the operators expect to have both facilities open by Sept. 15.

The development is planned on the site of the former Hotel Macatawa, an historic landmark built in 1895 and razed in 1956.

Original Smelt Creek Opened

BEULAH (AP) — Cold Creek, which gained fame in the 1920s with Michigan's first smelt run discovery, was opened to controlled dipping for smelt Tuesday for the first time since 1957.

Officials said the fish began appearing Sunday night.

Beulah - Benzonia's Chamber of Commerce will turn on floodlights above the creek each night for the duration of the run which lasts 10 days to two weeks. The dipping area stretches for three blocks through this community.

The tasty little fish run the creek from neighboring Crystal

Eisenhower Now Senior General

WASHINGTON (AP) — With the death Sunday of General of the Army Douglas MacArthur, former President Dwight D. Eisenhower became the senior general in the U.S. Army.

Eisenhower, who was restored to his five-star rank after he left the presidency, and General of the Army Omar Bradley are the only five-star generals in the Army.

Eisenhower's date of rank is Dec. 20, 1944; Bradley's is Sept. 20, 1950.

Lake. Throngs of visitors jammed the creek annually in the late 1920s and early '30s to pursue the smelt.

Milk Producers Back Bill For Fair Practices

The Michigan dairy industry refuses to give up on efforts to curb unfair trade practices, says Michigan Milk Messenger, published by the Michigan Milk Producers Association.

For the fifth time in the past six years (or is it six out of seven?), a bill aimed at prohibiting below-cost selling of dairy products has been introduced in the State Legislature.

Tagged House Bill 644, the measure is almost identical to one introduced last year. It would not fix resale or wholesale prices, but would require stores and dairies to post their prices and discounts and charge customers these prices or face the possible loss of their license and fines. It would prohibit unfair trade practices such as gifts, free equipment, kickbacks and other "destructive and discriminatory" trade practices that weaken the dairy industry.

Enforcement of the act would be under the director of agriculture. As has been true of all recent efforts to outlaw unfair trade practices, the current bill has the active support of MMPA as well as most of the dairy industry. If it has your support, and it should, a letter to your state representative and senator will help the bill's chances," says MMPA.

Charles Sherwood Stratton was the real name of Tom Thumb.

Kneepad Helps Protect Logger

MARQUETTE — Three ounces of nylon and polyurethane foam that can prevent many lost-time accidents will be one of the features of a "Logger Workshop" to be held at Northern Michigan University, Thursday, April 16.

Other workshops to be held in northern Wisconsin and the Upper Peninsula during April are scheduled for the Rice Lake, Wis., April 13; Michigan Tech, Houghton, April 15; and Rhineclaire, Wis., April 18. All sessions will begin at 9:30 a. m.

The materials in question comprise a new type safety kneepad for loggers operating chain saws. The urethane foam is sandwiched in between two layers of

nylon and the finished pad is then sewn into special trousers for the chain saw operator.

Simple as it sounds, it works! Tests have shown that chain saws cannot cut through the material in less than from 3 to 5 seconds, even when the saw is held down on the material. Thus, the operator's reflexes have time to react and a severe, lost-time injury to knee or leg can be prevented.

Timber Producers Association members attending the workshops will see an actual demonstration of the safety pads' effectiveness by Marvin Pearson, of Escanaba, safety engineer for Employers Mutuals of Wausau.

The four sessions, sponsored by the Timber Producers Association and Employers Mutuals of Wausau, will cover, in addition to "Safety in the Woods," include preventive maintenance, forestry management, "What's New in Logging?", financial records and credits, first aid for the serious injury, and rules of the road for the logger.

Peach Island Project Shaky

LANSING (AP)—A bill to authorize raising submerged Detroit River land for creation of a \$30 million recreation area nearly got sunk in the Senate Tuesday.

Sen. Frederic Hilbert (R) Wayland, moved to kill the bill but a showdown was postponed, at least for a day.

Hilbert said that after three public hearings, "there's been an absence of public support for it and a lot of mail pressure against it. 'There seems to be some credible reasoning that it would impair navigation' if the land adjacent to Canada's Peach Island were raised as proposed in the House-approved bill.

Sen. Charles Blondy, D-Detroit, accused Hilbert of trying to throw a "smoke screen" around the bill and urged it be debated openly on the floor "and let the chips fall where they may."

Sen. Kent Lundgren, R-Michigan, said he was surprised at what he called "some kind of fast maneuver" by Hilbert. It was at Lundgren's insistence that action on the Hilbert motion was postponed.

The Senate also advanced to position for a final vote 14 bills, among them a proposal to create a state boundary commission as an authority over annexation.

State Briefs

LANSING (AP) — The State Highway Department has started work to modernize more than three miles of M 37 at Newaygo. The project is due to be completed in June, 1965.

CHARLOTTE (AP) — Mrs. Elly Peterson, Republican candidate for nomination for the U. S. Senate, will open campaign headquarters April 15 at Charlotte. Mrs. Peterson said until July 15 she will divide her time between Michigan and Washington where she is assistant chairman of the Republican National Committee and director of women's activities for the party.

LANSING (AP) — The Michigan State Library reports a recent survey showed more than a million readers and researchers use the services of Michigan's 324 public libraries weekly. Students are the heaviest users, the survey showed, with housewives second.

LANSING (AP) — The State Highway Department has budgeted \$500,000 for roadside cleanup this spring.

EAST LANSING (AP) — An estimated 300 students and their advisors from 40 high schools across the state will meet at Michigan State University Saturday for the annual MSU High School Yearbook Day — an event sponsored by the school of journalism to help students produce yearbooks.

EAST LANSING (AP) — Michigan State University students will be able to study this summer at the University of Nigeria which MSU helped found. The five week international study program, Aug. 6 - Sept. 15, will be open to all students, the university said. Some 25 are expected to enroll.

Mortician Dies Of Auto Fumes

PAW PAW (AP) — The death of mortician Frank Thompson, 48, was ruled accidental Tuesday. Thompson was found dead in his garage. Authorities said a spring-operated door apparently had struck him, causing facial injuries, though death was caused by carbon monoxide fumes from the car engine.

"The Theater of the World," published in 1570, was the first modern atlas. It was the brainchild of an Antwerp businessman who became annoyed at the bewildering array of map shapes, sizes and projections then available. Finally, he commissioned a draftsman to draw maps of uniform size.

Mayors Fight Tax Limit Bill

LANSING (AP) — The mayors of three outside cities joined Detroit's Mayor Jerome Cavanagh Tuesday in calling for defeat of legislation aimed at restricting the power of cities to tax income.

Opposition to the proposals was voiced in a Senate Tax Committee hearing by mayors G. Stewart Francke of Saginaw, George Poulos of Flint — both of whose cities have income taxes — and Millard Vandervoort of Battle Creek.

All four criticized a provision of the House - approved legislation that would require any city planning to tax income to obtain approval of voters.

They argued this provision is a potential threat to the economic welfare of cities and would unnecessarily restrict the right of elected officials to make decisions.

Poulos called it "a threat to the right of home rule cities to have home rule. This means allowing the local officials the fiscal independence to solve their own problems," he said. Vandervoort said the state "should let cities administer taxes as they see fit. We don't want to see the income tax right taken away by a referendum clause."

The referendum provision is part of a bill to set uniform state standards for local income taxes, including limits of one per cent on residents and one half per cent on non-residents.

The bill and a companion proposal to bar local units of government from imposing any excise taxes except on income, are backed by Gov. George W. Romney.

However, the governor opposes the referendum requirement which was added on the House floor in an amendment sponsored by Rep. Wilfred Bassett, R-Jackson.

Cavanagh said the bills are "potentially the most destructive legislation to local financial stability and to the concept of home rule... in a long time." The Detroit mayor said the referendum requirement would force the city to submit its tax, in effect since July 1, 1962 to a vote.

Southfield Mayor James Clarkson, who doubles as attorney for the Vigilance Tax Committee, and the group's chairman, mayor George Kuhn of Berkeley, testified in favor of the bills Tuesday.

Sen. Clyde Geerlings, R-Holland, chairman of the tax committee, said he expected his committee to discuss the bills late today and probably vote before Friday on whether to report them out.

Blind 6th Grade Girl In Phoenix Writes Symphony

PHOENIX, Ariz. (AP) — "I think I've got the jitters," Peggy Smith whispered to her parents as they sat in the darkened Phoenix Star Theater Tuesday.

It was just before Guy Taylor, conductor of the Phoenix Symphony, rapped his baton on the stand and announced to hundreds of Phoenix school children the symphony would play a composition by Miss Peggy Smith, a 6th grader.

Peggy leaned forward, straining toward the first sounds of "Peaceful Forest."

"Incredible," someone whispered. "Did you know that child puts the entire thing together in her little blonde head before it is transcribed to music?"

"Yes," another voice whispered. "I understand her mother or her teacher, that Dr. Jean London over there—they write it down for her on paper."

Peggy smiled as bright as the sun she will never see. She is blind.

LEGAL NOTICES

NOTICE OF FORECLOSURE SALE
Default having been made in the terms and conditions of a certain mortgage made by Averie Thibault, a single man of Garden, Delta County, Michigan, in favor of Alex Thibault and Della Thibault, husband and wife of Manistique, Michigan, Mortgagees, dated the 25th day of September, 1954, and recorded in the office of the Register of Deeds, for the County of Delta and State of Michigan, on the 24th day of October, 1954, in Liber 38 of Mortgages at Page 371, on which said mortgage there is claimed to be due, at the date of this notice, for principal, interest and taxes, the sum of One Thousand and Twenty-three cents (\$1,229.43); and no suit or proceedings at law having been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore by virtue of the power of sale contained in said mortgage and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Monday, the 22nd day of June, 1964, at 10:00 A. M., Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder at the front entrance to the Court House in the City of Escanaba, Michigan, (that being the building where Circuit Court for said County is held) of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at five per cent per annum and all legal costs and expenses, including the attorney fees allowed by law, and also any sums which may be paid by the undersigned, necessary to protect its interest in the premises, which said premises are described as situated in the Township of Garden, Delta County, Michigan, viz:

A parcel of land, commencing at the Southwest corner of the South Half of the South Half of the Southeast Quarter of Section Five, Township Thirty-nine North of Range Eighteen West, thence North One Hundred Fifty feet, thence East One Hundred Fifty feet, thence South One Hundred Fifty feet; thence West One Hundred Fifty feet to point of commencement, subject to easements of record.

Dated: March 16, 1964, at Manistique, Michigan.

Parcel Service Driver Injured

John Pearson of Escanaba, a driver for the United Parcel Service of Bark River suffered a leg fracture and internal injuries about 10:15 a. m. today when the truck in which he was driving skidded on snowy pavement on U. S. 41 near Bagley in Menominee County and struck a utility pole.

The impact wrapped the truck about the pole in such a way that Pearson was pinned in the vehicle and it required a quarter hour's work by the Mid-Menominee County Rescue Squad to free him. He was taken to the Mid-County Clinic at Daggett where he was given medical treatment and an ambulance was summoned from Escanaba to transfer him to St. Francis Hospital, Escanaba.

Pearson was reported by State Police of the Stephenson Post to be conscious while pinned in the vehicle. He told officers that a high wind and slipperiness caused the panel truck to go off the road. He was alone in the vehicle.

Rep. Erlandsen Is Consulted On Building Plans

The history of Escanaba's State Office Building and its advantages as a center for housing state agencies serving the people of the Upper Peninsula were reviewed for the legislative ways and means committee in Lansing Tuesday.

Rep. Einar Erlandsen of Escanaba, member of the influential ways and means committee, City Manager George Harvey and City Controller Frank Bourke reported to the committee.

Purpose of the conference with the committee was to provide information relating to the State Office Building and the proposal that it become state-owned.

Constructed in 1955 with funds bequeathed to the city by the late Catherine Bonifas, the building is administered by the Escanaba City Council as trustees of the Bonifas fund.

The city manager and controller returned from Lansing Tuesday night.

Gladstone Stores Among Victims Of Check Passer

Investigation of bad check charges again Harry Curry, 39, of Box 53, Hermansville, includes inquiry about two checks passed Feb. 5 in Gladstone at the Olson's Men's Wear and Ivory Drug Store. They were for \$25 and \$35.

Curry was arrested April 3 in Manistique charged with passing a bad check in a grocery store there. Investigating officers say he is on parole for passing bad checks in Wisconsin and that he has admitted passing more bad checks in Iron River, Iron Mountain, Crystal Falls, Ishpeming, Neegaunee and Norway.

Delta County action in the case is awaiting action on the charges pending in Manistique, said Prosecutor Nicholas P. Chapekis.

Pensioner Income Reports Are Due

Persons who are receiving monthly social security checks and whose earnings for 1963 were over \$1,200 (in wages or business profits) must file an annual report with the Social Security Administration, says Arnold T. Williams, district manager in Escanaba.

The deadline for filing 1963 reports is April 15. Late reports may cause a delay in payments, or possible loss of a benefit check.

Beneficiaries who reported in the beginning of 1963 that they expected to earn over \$1,200 in the year will receive report forms by mail. Wage or business earnings over \$1,200 in a year usually mean that some benefit payments will be withheld.

Clerk To Attend State Conference

Escanaba City Clerk Don Guindon will attend a conference of the Municipal Clerks Association to be held at Kalamazoo on April 15-17. Dana Strickland of Sault Ste. Marie is association president.

New regulations in conducting elections as provided for in the new state constitution will be discussed. The association is affiliated with the Michigan Municipal League.

Marble Arms Fund Over Top; Loan Processed

Cash investment in Gladstone's share of the Marble Arms plant acquisition project has reached \$24,009, President Reuben Sjoquist of the Gladstone Industrial Development Corp. reported today.

Sjoquist said that some block captain's in the recent campaign to raise \$24,000 for the project had not yet reported.

Contributions to the project came from Masonville, Rapid River, Wells, Brampton, Marinette, Wis., Iron Mountain and Escanaba, as well as from Gladstone, which supplied the major part of the fund.

The Gladstone Industrial Development Corp., said Sjoquist has filed articles of incorporation with the Michigan Securities Commission and is now working on the application for a loan of \$128,000 from the Small Business Administration of the U. S. Commerce Department to supply part of the Marble Arms project financing.

The other \$8,000 of capital in the \$160,000 acquisition project will be supplied by the Birchwood Chemical Co. and Casey Chemical Co. of Hopkins, Minn., which will lease-buy the Marble Arms plant from the Development Corp.

The Hopkins firms, which will also supply operating capital, will move their sports goods manufacturing operations from Hopkins to Gladstone and merge them with those of Marble Arms.

ITT-Bell & Gossett, Inc., offered it for sale, but is continuing operation of Marble Electric. The Gladstone Industrial Development Corp. was organized by civic leaders to keep Marble Arms operating in Gladstone.

Rapid River Hi Forensics Host

RAPID RIVER—Rapid River High School will be the host school for the District Forensics Festival. The festival will take place Thursday at 3:30 p. m. in the Bay de Noc Elementary School.

Participating high schools will include Escanaba, Holy Name, Gladstone, and Rapid River. Mrs. Glenn Nichols, Rapid River forensic coach, is district chairman for the event. The public is welcome.

Two Injured In Collision

MANISTIQUE — Frederick Arthur Anderson, 69, of 646 Manistique Ave., suffered a concussion and head laceration in an auto accident at 4:55 p. m. Tuesday on U. S. 2 in Manistique Township.

State Police said Anderson made a U-turn in front of a car driven by Mrs. Clare Freeland, 40, of Gulliver. She suffered shock.

There was extensive damage to her car and considerable damage to his pickup truck. He was ticketed for failure to yield the right way.

Pelletized Ore Traffic Grows At Escanaba

(Continued from Page 1)

Menominee in the central south part of the U. P. The Menominee Range has supplied most of the dock's volume of direct shipping ores in the past century, but the greatest buildup of pelletizing of iron ore has been on the Marquette Range.

The big new Empire Mine there is owned by Cleveland-Cliffs Iron Co., McLouth Steel Co. of Detroit, and Inland Steel Co. of Chicago. CCI manages the property for the owners, who take their proportions of its production.

First Ore Train
The mine and its processing plant are in a program of stages of development, with the first units now operative. Trainmaster O. W. Brookes of the North Western here said the first ore train left the Escanaba yard at 9:30 a. m. today for the Empire Mine. Its 75 empty cars will hold one day's production of the pellet plant and it will return to Escanaba loaded on Thursday. The cars hold 50 tons of pellets each.

The North Western will dump the pellets in its dock pockets here in preparation for the loading of an Inland Steel Co. vessel due here April 15 for the first movement of this new traffic in Empire pellets for Chicago steelmaking by way of the Port of Escanaba.

Brookes said that a second Inland vessel will load pellets here on April 17. The carriers will take 13,600 to 13,800 tons per cargo.

The North Western also loads pellets here for the Hanna Mining Co.'s Groveland Mine near Randville in Dickinson County.

Schoolcraft GOP Meeting Tonight

MANISTIQUE—The Schoolcraft County Republican Convention will be held at 7:30 p. m. today in the Court House at Manistique. The convention will elect delegates to the state meeting in Grand Rapids on May 8. Appropriate resolutions also will be adopted.

Mrs. MacLean Funeral Friday

MANISTIQUE—Funeral services will be held at 2 p. m. Friday at the Kefauver & Jackson Funeral Home for Mrs. Donald MacLean, 53, of 103 Arbutus Ave., who died Monday at Henry Ford Hospital in Detroit following open heart surgery on Friday.

She was born Ethel Kellow in Hancock on Jan. 15, 1911 and had resided in Manistique since 1935.

Surviving besides her husband are a son, Bruce, of Flushing; a daughter, Mrs. Charles (Mary) Bontekoe of Indian Lake; a sister, Mrs. G. N. Thresher of Tulsa, Okla.; a brother Harry of Seattle, Wash.; and four grandchildren.

She was a member of the Presbyterian Church of the Redeemer and sang in its choir for many years. She was active also in the Manistique Women's Club and the VFW Auxiliary.

The Rev. William Farnum will officiate at the services and burial will be in the Fairview Cemetery.

Friends may call at the funeral home beginning at 2 p. m. Thursday.

Actor Sellers Rallies After Heart Attack

HOLLYWOOD (AP) — Specialists attending British actor Peter Sellers agree that his condition is critical but that he may survive the heart attack that hospitalized him Monday.

A medical bulletin issued by Cedars of Lebanon Hospital during the night indicated that physicians were planning further use of a device to send electrical impulses to the heart in an effort to restore a rhythmic beat.

The 38-year-old entertainer rallied sufficiently Tuesday for his doctors to express cautious optimism about his chances of survival. Earlier, his condition had deteriorated markedly.

More people get more news from newspapers than from all other sources combined.

Emma Beck Of Kipling Granted Divorce Tuesday

Judge Bernard H. Davidson on Tuesday granted a divorce in Delta County Circuit Court to Emma C. Beck of Kipling from Charles C. Beck.

The court is adjourned until Friday, with passing of sentence in four criminal cases scheduled for next Monday.

Judge Davidson granted the petition of Auditor General Billie Farnum presented by Prosecutor Nicholas P. Chapekis for sale of Delta County lands on which property taxes assessed for 1961 and previous years have not been paid.

Briefly Told

Promenaders Square Dance
Club will hold a workshop at 8:30 tonight at Eagles Hall.

Luther League teams of First
Lutheran Church, Gladstone, will meet at the church at 6:45 p. m., today.

Escanaba Lodge 354, B. P. O. Elks, will hold installation of officers Thursday night in a ceremony scheduled for 8:30 sharp. H. W. Needham, representing the Grand Lodge, will conduct the installation rites. A buffet lunch will follow the business meeting.

Trooper Don Davidson of the Gladstone State Police Post instructed 36 members of the Future Nurses Club at Holy Name High School Tuesday afternoon on artificial respiration, using a dummy.

Roy Farley of Garden was arraigned before Municipal Judge James Fitzharris today on a charge of obtaining money from a bank under false pretenses by not revealing previous encumbrance on mortgaged property. The arraignment was continued to 10 a. m. April 15. The amount involved \$105.34.

Escanaba Police have issued traffic court summons to Gerald A. England, Bark River Rte. 1, no operator's license on person; Martha M. Johnson, 720 Lake Shore Drive, failing to yield the right of way; Russell A. Lind, 1408 Ludington St., defective muffler; and Gerald D. Talvite, Rapid River, defective headlights.

Plan Addition At Wells School

Approximately \$50,000 of Catherine Bonifas fund money left after construction of the Area High School and about \$20,000 in the former Wells school district building and site fund will be used to finance construction of a two-classroom addition to the Wells Elementary School.

The decision was made by the Area School Board meeting last night at the Wells School, after conferring with members of the Wells Township Board about the problem of classroom shortage.

Supt. Walter Bright said that all of the classroom space in the new Area High School will be needed next fall and that provisions should be made for more elementary space. Clarence Zerbel, finance director, told the board that approximately \$50,000 remains in Bonifas fund money for building use.

Kenneth Buckland, Area School trustee, urged the addition of two classrooms at Wells. "Let's get going and have the rooms ready by next September," he said.

Dr. William Hemes, board president, and the trustees authorized Supt. Bright to have architects G. Arntzen & Co. proceed with plans and estimates in preparation for taking bids for the Wells addition; and the board committed the approximately \$20,000 in the Wells building and site fund to the project.

Obituary

MRS. PAUL BEAUCHAMP
Funeral services for Mrs. Paul Beauchamp were held at 9 a. m. today at St. Patrick's Church with the Rt. Rev. Msgr. Martin B. Melican officiating. Father Lawrence Gauthier was in the sanctuary. Burial was in Holy Cross Cemetery. Honorary pallbearers of the Third Order of St. Francis were Mrs. Anna Taylor, Mrs. Mathilda Menard, Miss Margaret Dwyer and Mrs. C. J. Corcoran. Active pallbearers were Joseph, Louis, Richard and Raymond Viau, Mose Theoret and Joseph Chouinard.

Record Boost Given Budget For Education

(Continued from Page 1)

specific prohibition against any of the current appropriation being used "for any institution of higher learning to establish any new branch institution away from its campus."

ALL-TIME HIGH
LANSING (AP) — Recommended expenditures of \$633 million for the 1964-65 fiscal year were delivered to the legislature Tuesday by the budget-drafting committees of the House and Senate.

The total represents an all-time record, some \$83 million more than appropriated for the current fiscal year.

But whether it is more—or less—than the amount sought by Gov. George W. Romney appeared to be a matter of interpretation.

The figure of \$633 million is about \$10 million more than asked by the governor in his original Jan. 22 budget message, yet \$5 million short of the grand total resulting from subsequent proposals.

Included in the total were several significant increases, particularly in capital outlay, and no major reductions in the spending plan as outlined by Romney.

More State Troopers
The Senate Appropriations Committee added \$7 million more than Romney requested for capital outlay expenditures at various state institutions.

Lawmakers agreed to an additional \$1 million for community college expansion and \$4 million for capitol area development.

Romney had asked \$2 million for the colleges and \$5 million for the capitol area development.

The House Ways and Means Committee added \$5 million to the original \$2 million marked for paying off the Veterans' Trust Fund which the state borrowed during the 1959 cash crisis.

The committee also approved the use of \$750,000 for 100 additional state police troopers from the general fund.

The recommendation kept intact the state trunkline fund from which Romney has proposed appropriating \$1.3 million for a state police freeway patrol.

The House committee made an additional \$170,000 appropriation for general government spending, of which \$150,000 was for a public service and training program for juveniles, \$20,000 for a park land purchase at Beaver Island.
